

Grandma's Pizza Burgers

This recipe is always one of my favorites. Use it well. This makes a big batch, as Grandma always served a big crowd and froze the leftovers. This should make 20 pizza burgers or so, and most people will eat 2-3.

Ingredients

- 1 can Spam (regular)
- 2lb ground beef
- 1 16oz can pizza sauce
- 1 tbsp sage
- 1 tbsp oregano
- mozzarella cheese (sliced)
- English muffins

Directions

1. Preheat oven to 400 degrees
2. Brown the beef and drain
3. Dice Spam
4. Mix together beef, Spam, pizza sauce, sage, and oregano
5. Spoon mixture onto open-faced English muffin
6. Top with a slice of mozzarella cheese
7. Place in oven for 10 minutes, until cheese is melted

Pair with a nice bottle of Barbera wine.

Hawaiian Spamburger

The combo of Spam and pineapple on a sandwich is found all over the islands. This is a recipe you can really make your own by adding beef or other meats to it, as well as various cheeses and vegetables.

Ingredients

- Spam
- pickled jalapeno
- pineapple (sliced or ringed rather than chunked)
- mayo
- Swiss cheese
- onion bun

Directions

1. Preheat grill to medium-high
2. Slice Spam — I used two half-inch slices
3. Slice pineapple — again, I used two half-inch slices, enough to pretty much cover the bun
4. Place Spam and pineapple on grill for about 5-7 minutes, flipping once
5. Apply mayo to bun, then add Spam, pineapple, pickled jalapeno and cheese in your your desired order

Pair with a nice bottle of a big bold Chardonnay wine (no wimpy Chards allowed).

Spam & Eggs Breakfast Burrito

This bad boy is simple, but fills you up in the morning and tastes great.

Directions

1. Preheat skillet over medium-high heat
2. Dice one-quarter to one-third of a can of Spam
3. Dice one link of chorizo
4. Throw the Spam and chorizo in the skillet and let it heat for 5 min on its own
5. Then toss in the eggs and scramble them with the Spam and chorizo
6. Once done, place on tortilla, add cheese and salsa, and enjoy!

Pair with Napa Sunrize (glass of orange juice with a rouge champagne floater). Pour 2/3 glass of OJ, then carefully dribble the rouge champagne down the inside of the glass such that it floats on top of the OJ.
