UA Tech Park at The Bridges

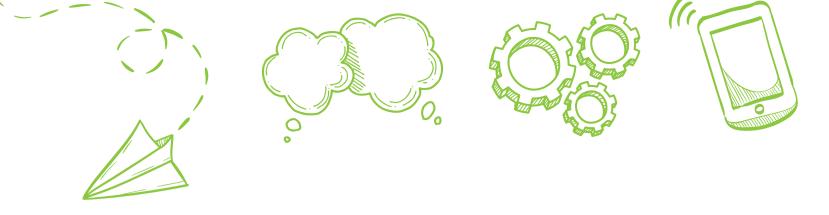

1. Coworking Space

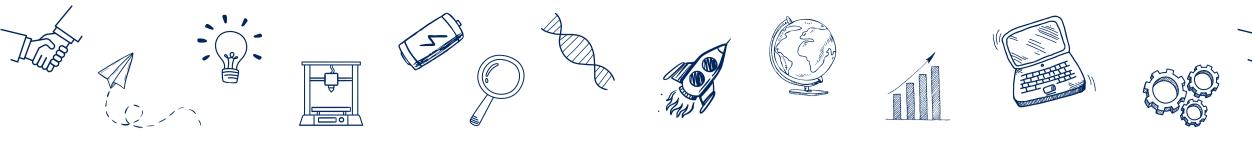

1. Coworking Space Coworking spaces offer open, collaborative, community-based workspace for like-minded

individuals or early-stage companies

2. Accelerator

2. Accelerator

Accelerators have a highly competitive application process and will invest equity capital in selected companies. Accelerator programs are typically shortterm, ranging from 3-6 months.

3. Incubator

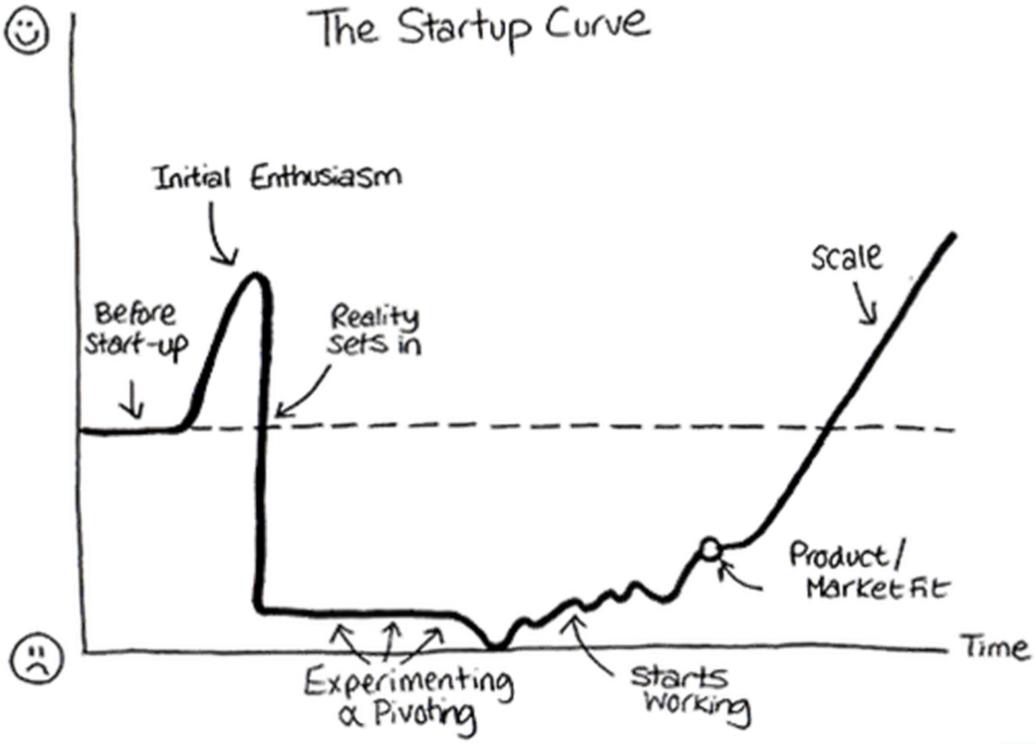

3. Incubator

Incubators typically charge monthly program fees or membership dues in exchange for office/desk space and access to program offerings. Incubators offer programs to member companies that typically include mentoring, education/training, and informal learning opportunities.

BECAUSE BUSINESS KNOWS NO BOUNDARIES

THE UNIVERSITY OF ARIZONA TECH PARKS ARIZONA

10000+ Entrepreneurs empowered

Through workshops, educational training, and pitch preparations

UACI ensures that international companies experience a supportive foundation when exploring U.S. market entry. In 2022, UACI was recognized as the International Business Innovation Association (InBIA) Soft Landings Designee of the Year.

REVENUE

GENERATED

UACI serves as a vital economic catalyst by supporting the growth and expansion of innovative industries from across the globe. Our incubator program provides entrepreneurs with people, programming and places necessary to advance technology which leads to significant economic and fiscal impacts.

UACI is an incubator network on a mission to grow scalable startup ventures that fuel the Arizona economy.
