WHAT IS THE MAIN OBJECTIVE OF ROTARY?

The main objective of Rotary is service - in the community, in the workplace, and throughout the world. Rotarians develop community service projects that address many of today's most critical issues, such as children at risk, poverty and hunger, the environment, illiteracy, and violence. They also support programs for youth, educational opportunities and international exchanges for students, teachers, and other professionals, and vocational and career development. The Rotary motto is "Service Above Self."

HOW DID ROTARY GET STARTED?

The world's first service club, Rotary, began with the formation of the Rotary Club of Chicago, Illinois, on February 23, 1905. The club was started by a young lawyer, Paul P. Harris, and three of his friends. He wished to recapture the friendly spirit he had felt among businesspeople in the small town where he had grown up. Their weekly meetings "rotated" among their offices, providing the new service club with its name.

WHAT IS ROTARY'S END POLIO NOW SERVICE PROGRAM?

Although Rotary clubs develop autonomous service programs, all Rotarians worldwide are united in a campaign for the global eradication of polio. In the 1980s, Rotarians raised \$240 million to immunize the world's children; by 2005, Rotary's centenary year and the target date for the certification of a polio-free world, the PolioPlus program will have contributed \$500 million to this cause. In addition, Rotary has provided an army of volunteers to promote and assist at national immunization days in polio-endemic countries worldwide.

WHAT IS THE ROTARY FOUNDATION?

The Rotary Foundation of Rotary International is a not-for-profit corporation that promotes world understanding through international humanitarian service programs and educational and cultural exchanges. It is supported solely by voluntary contributions from Rotarians and others who share its vision of a better world. Since 1947, the Foundation has awarded more than \$1.1 billion in humanitarian and educational grants initiated and administered by local Rotary clubs and districts.

HOW IS ROTARY ORGANIZED?

Rotary is organized at club, district, and international levels to carry out its service program. Rotarians are members of their clubs, and the clubs are members of the global association known as Rotary

International. Each club elects its own officers and enjoys considerable autonomy within the framework of the standard constitution and the constitution and bylaws of Rotary International.

DOES ROTARY WORK WITH OTHER ORGANIZATIONS?

Throughout its history, Rotary International has collaborated with many civic and humanitarian organizations and government agencies to improve the human condition. An excellent example of what these partnerships can accomplish can be found in Rotary's ambitious PolioPlus program. Launched in 1985 in concert with the World Health Organization, the US Centers for Disease Control (CDC), and UNICEF, Rotary aims to immunize every child against polio. Rotary brought to the effort millions of volunteers to assist in vaccine delivery, social mobilization, and logistical help at the local, national, regional, and international levels.

WHERE DID "THE FOUR-WAY TEST" COME FROM?

From the organization's earliest days, Rotarians were concerned with promoting high ethical standards in their professional lives. One of the world's most widely printed and quoted statements of business ethics is The 4-Way Test, created in 1932 by Rotarian Herbert J. Taylor (who later served as RI president) when he was asked to take charge of a company that was facing bankruptcy. This 24-word code of ethics for employees to follow in their business and professional lives became the guide for sales, production, advertising, and all relations with dealers and customers, and the survival of the company is credited to this simple philosophy.
