

Rotary Club of Forest City

The Forest City Rotary Club is not a foundation seeking funding applications, our resources are limited. However we occasionally review requests from the community for support of projects and other worthy causes. Thus, there are some guidelines that should be kept in mind when considering whether to approach/ submit a request for consideration. We are under no obligation to honor requests and our board only meets once a month for approvals. There are certain exclusions that are automatically exercised. The exclusions include but are not restricted to the following:

- No requests benefitting individuals.
- No personal travel/expenses to attend an event or to undertake a form of study.
- No requests narrowly confined political or religious activity participation that does not fall under the purview of this organization. For e.g. we cannot support a person's travel to a political rally or religious gathering. The Rotary Club and Rotary International are non-denominational entities that, as an organization, cannot and does not identify with a particular sect, religion or orientation.
- We cannot respond to requests for debt reduction or debt service expenses.
- Retroactive funding is not appropriate for our funding procedures. Requests must be in advance of a project or activity rather than after the activity has occurred should financial support may be needed to cover over spent budgets.

We do not sponsor political campaigns and will not contribute to campaign coffers.

GRANT APPLICATION FORM

Title of project: _____

Name of Organization: _____

Name of person submitting proposal: _____

Contact information for person submitting:

Address: _____

City, State Zip _____

Phone: _____

Fax: _____

E-mail: _____
