

YEAH Datasystem Links

The YEAH Data System (Youth Exchange Administration Hub) is the data system through which we process our applications and maintain the documentation required by the U.S. State Department, Rotary International and other compliance organizations.

Outbound Application URL – This is the link for a student to begin the application process as a Long Term Youth Exchange student:

<https://yehub.net/S06-obapp> ← This URL is the path to the Outbound Application form

Short-Term Application URL – This is the link for a student to begin the application process as a Short-Term Youth Exchange student:

<https://yehub.net/S06-stapp> ← This URL is the path to the Short-Term Application form

Host Family Application URL – This is the link for a prospective Host Family to begin the application process:

<https://yehub.net/S06-hfapp> ← This URL is the path to the Host Family Application form

Volunteer Application URL – This is the Link to use when first making application as a Rotary Volunteer :

<https://yehub.net/S06-volapp> ← This URL is the path to the Volunteer Application form

Web Portal URL – This is the Portal for use by Rotary Volunteers to manage the student exchange. You must first have completed an application (through the link above) and maintained your vetting and credentials to have access to the Portal:

<https://yehub.net/S06-portal> ← This URL is the main access path for the YEO Portal
