

Rotary is an International Organization with over 1.2 million members spread across 35,000 clubs. Rotarians log over 16 million volunteer hours annually with one goal - to create lasting change leading to a better world.

The Crestwood/Sunset Hills Rotary is the local chapter dedicated to serving the community where we live based on the Rotary motto of "Service Above Self". A few of our programs are:

- Feed the Knowledge: the club purchases a variety of non-perishable food items and school supplies and then distributes these to the Lindbergh and Mehlville school districts during the school year.
- Student of the month: the club identifies and recognizes a high school student who shows outstanding efforts to help others.
- Contributions to local charities: We make contributions on a regular basis to non-profit organizations that provide services to their constituents and the community.
- We have a vibrant Rotary Youth Exchange program and have hosted young men and women from all over the world. One of our Interact clubs has traveled twice to Guatemala on a service mission.

We are not all work however and we have a golf league, a fall picnic, happy hours at local restaurants, and other fun events. The Covid-19 pandemic has temporarily restricted some of these but they will return as the situation allows.

Our club is only as strong as our members and we are always looking for those individuals who want to give back. If you are one of those people and want to join a great group of members we would love to talk with you. You can reach us by emailing, texting, or calling either of us. For only a few hours each month, you can help children and families in our community, meet interesting and friendly people, hear guest speakers cover a wide variety of local topics, and represent your business to your peers.

To learn more feel free to visit the Rotary web-site, www.rotary.org, or the club web-site at www.cshrotary.com. You can also visit our Facebook page (log into facebook and search on CSH Rotary). Thank you for your time and interest.
