For the last 25 years, Happy Hands – a school for children who are deaf, with hearing loss or with communication disorders – has been serving children ages 0-6 years old from the Northeast Oklahoma Region.

The window to learn language is birth to age three. If the early window is missed, it is rarely recouped. Without specialized early language education, the average reading level of a deaf adult has been only third grade. Happy Hands opens the world of communication to deaf children and their families.

Don't miss this evening of fun and challenge.

Be sure to bring friends and family to follow along with the questions and join in the fun.
Guests may purchase a buffet meal for \$15.
