APPLICANT'S CERTIFICATIONS, AUTHORIZATIONS AND AGREEMENTS

By submitting this Application, I certify, authorize and/or agree to the following:

1. I certify that all of the information on this Application Form and the attached Supplemental Information Form is true and accurate to the best of my knowledge. I understand the submission of non-factual information will disqualify me from consideration for a Grove Foundation Scholarship.
2. I authorize members of the Grove Rotary Foundation Education Committee to verify statements contained within my Application and Supplemental Information and I release these Members from any and all liability resulting from any such investigations.
3. I authorize my Grove High School Guidance Counselor and Principal to provide information about my academic records and transcript to the Grove Rotary Foundation Education Committee and I release my Guidance Counselor and Principal from any and all liability resulting from any such actions.
4. If selected to receive a Grove Rotary Scholarship, I agree to use its proceeds to pay for tuition, books, required fees and equipment, room and board and/or other directly related education expenses.
5. If selected, I agree to carry a full course-load of studies every college semester, as defined by my academic institution (usually a minimum of 12 undergraduate credit hours) and to maintain normal progress toward college graduation to be eligible to receive subsequent annual scholarship installment payments, unless I have an approved Grove Rotary "Hardship Exemption" or "Deferred College Enrollment Exemption," as defined below.
 - a. A **Hardship Exemption** is defined as "a significant family emergency or personal health issue which requires you to reduce your class load to less than a full class load or causes you to miss completely up to two (2) consecutive semesters of classes." In either instance, the Grove Rotary Foundation Education Committee will consider my written request and make a determination, solely at its own discretion, as to whether it will approve a suspension of payments until I resume a full course of studies or direct forfeiture of future installment payments.
 - b. A **Deferred College Enrollment Exemption** is defined as "a military service commitment which requires the recipient to defer initial college entry for up to two (2) consecutive semesters of classes (1 academic year). The recipient must submit a written Deferred College Enrollment Exemption Request to the Committee explaining the nature and implications of the Request for Deferral. The Request must include both of the following: 1) Confirmation from the student's institution that the institution has deferred or "rolled over" the student's admission to the next semester or academic year, whichever applies; 2) Proof of the military service commitment. Determination of such deferral, including suspension of scholarship payments until the student resumes a full course of studies, will be made at the sole discretion of the Committee."
6. If selected, I agree to submit a written request to the Grove Rotary Foundation Education Committee for the next scholarship installment payment, due prior to the start of each new academic year. Such requests will include written proof of my "good academic standing" (a current transcript) and next semester course-load (approved class registration form).
