Dear Members of Southeast Rotary,

I am writing this letter on behalf of students at Clark Elementary to request \$5,000 for after school programs. As districts across the state have been burdened to make major budget cuts, our responsibilities as a community school continue to grow. We are still charged with helping meet the academic, emotional, and social needs of our students and their families. With virtually no state, federal, and district funds allocated to enrichment programs during after school hours, we are seeking funding to sustain programs upon which hundreds of students and parents depend. Nearly 65% of students in grades kindergarten through five participate in at least one after school program at Clark.

When the final bell rings and the school day comes to an end, it marks the beginning of an unsupervised and unstructured time for many children. Research and data show that afterschool programming has tremendous benefits for children. While after school programs provide a safe and structured place for our students, they also provide engaging, hand-on opportunities for youth development that complement the school day. Clark staff and community partners work together to mentor and teach our students in much smaller groups compared to the school day, and as a result, students gain valuable social, academic, and professional skills.

Students from higher income families spend their after school hours engaged in activities such as music lessons, dance, sports, tutoring, among others. Parents choose to pay for these extracurricular activities because they understand the value they bring to their child's education, and the important life lessons and skills they gain as a result. We believe all students, regardless of parent income, deserve such opportunities.

Our goal, with support from Southeast Rotary, is to give students at Clark the opportunity for high-quality enrichment programs in safe, nurturing afterschool environments. This will result in children having a greater sense of belonging in their school communities, increased school attendance and achievement, and a brighter, more positive view of themselves and their potential in life.

With your help, Clark can maintain its after school program offerings. Thank you for considering our request. We are grateful to Rotary's continued support of our educational and enrichment efforts at Clark

Elementary. I look forward to hearing from you. In the meantime, if you have any questions or need more information, please do not hesitate to contact me at siddiqui.kulsum@unionps.org or 918.357.8550.

Kind Regards,

Kulsum Siddiqui

ROTARY: MAKING A DIFFERENCE

Some years ago, a new acquaintance asked me what should have been a simple question: "What is Rotary?" I opened my mouth to reply and then stopped short with the realization that I simply did not know where to begin. The problem wasn't that I didn't know what Rotary was. The problem was that Rotary was — and is — too large and complex to easily define. We are a member-based organization, a club-based organization, and a service-based organization; we are local, regional, and international; we are community members, businesspeople and professionals, working and retired, active in nearly every country in the world. Every one of our 1.2 million members has a unique set of goals, experiences, and priorities; every one of us has a unique understanding of Rotary.

To me, Rotary is defined not by who we are, but by what we do — by the potential that Rotary gives us, and the ways we realize that potential in meaningful and lasting service. Rotary has been around for a long time: 112 years. In some ways, we've changed tremendously, as we've grown, matured, and adapted to the changing needs of our members and communities. In our fundamentals, however, we remain the same: an organization of people with the desire — and through Rotary, the ability — to make a difference in our communities, and the world.

We answer the question "What is Rotary?" with our actions, by making a difference through our service.

As an organization, we recognize how important it is that the world understand what Rotary is, and what we do. At the same time, we know that it is more important than ever to allow our clubs to define Rotary service for themselves. As Rotarians, we have more flexibility than ever to decide how we want our clubs to meet, work, and grow. We're focused more than ever on making sure that Rotary reflects the people it serves, with more women and a more diverse membership. And we're working hard to ensure that Rotary remains the world's pre-eminent volunteer service organization, by emphasizing long-term planning, sustainable service, and continuity in leadership on every level.

In 2017-18, we will answer the question "What is Rotary?" with the theme *Rotary: Making a Difference*. However each of us chooses to serve, we do it because we know our service makes a difference in the lives of others. Whether we are building a new playground or a new school, improving medical care or sanitation, training conflict mediators or midwives, we know that the work we do will change people's lives — in ways large and small — for the better. Whatever motivation each of us had for joining Rotary, it is the satisfaction we find in Rotary that causes us to remain, the satisfaction of knowing that week by week, year by year, we are part of *Rotary: Making a Difference*.

HOW TO QUALIFY FOR THE CITATION

Clubs that are strong and making a positive difference in our communities achieve goals related to Rotary's three strategic priorities: to support and strengthen clubs, focus and increase humanitarian service, and enhance Rotary's public image and awareness.

This year's Rotary Citation will recognize clubs that complete activities that support these priorities. Clubs will have the entire Rotary year — 1 July 2017 to 30 June 2018 — to achieve the citation's goals.

Rotary will be able to verify your club's completion of most of the goals using our database. For others, we'll confirm your club's achievements through information you enter in [Rotary Club Central](#), [Rotary Showcase](#), and [Rotary Ideas](#).

District governors can also track their clubs' progress online. I'm asking each of them to talk with clubs regularly and support them in achieving these goals and *Making a Difference*.

Find more information at www.rotary.org/presidential-citation. If you have questions, write to riawards@rotary.org.
