World Water Day March 22, 2021

So much in our lives depends on access to clean water. We wash our hands with it to keep ourselves and our communities healthy, cook meals with it to nourish our bodies, and rely on it for proper sanitation. Yet there are still communities around the world that don't have reliable sources of clean water. You can help ensure that people everywhere have access to this valuable resource with a gift to The Rotary Foundation.

When people have clean water and sanitation, it means waterborne diseases decrease, children stay healthier, and parents can spend less time carrying water and more time with their families. How does a gift to the Foundation make this happen?

Your gift helps fund water, sanitation and hygiene programs that empower Rotary's people of action to mobilize resources, form partnerships, and invest in infrastructure and training that all yield long-term change. Our goal is to supply everyone with safe water, sanitation and hygiene education by 2030.

This World Water Day, we hope you can take action and make a donation to ensure clean water for those who need our help in communities around the world.

Sincerely,
The Rotary Foundation
