# The End is Near - Membership Contest closes March 31

How is your club doing in our District Membership Contest?

The District will give your club an incentive to provide prospects in your community the opportunity to become a member of your Rotary club!

The contest ends March 31, 2021.

Remember: the top 3 clubs that add the highest percentage of new or reinstated members will receive a ca\$h prize to use for a service project or fundraiser.

Please keep in mind that we're looking for members who want to be Rotarians and give back to their communities...not just getting someone on the rolls to win the contest. Think about how grateful you are for the person who introduced you to Rotary...and be that person for others.

Any questions? Ask Jayne! And remember...Rotary Opens Opportunities!!!

District 6110 Governor 2018-19, Membership Chair 2019-22

## SMILE!

The US Federal Aviation Administration has a unique device for testing the strength of windshields on airplanes. The device is a gun that launches a dead chicken at a plane's windshield at approximately the speed the plane flies. The theory is that if the windshield doesn't crack from the carcass impact, it'll survive a real collision with a bird during flight.

It seems the British were very interested in this and wanted to test a windshield on a brand new, speedy locomotive they're developing. They borrowed the FAA's chicken launcher, loaded the chicken and fired. The ballistic chicken shattered the windshield, went through the engineer's chair, broke an instrument panel and embedded itself in the back wall of the engine cab. The British were stunned and asked the FAA to recheck the test to see if everything was done correctly.

The FAA reviewed the test thoroughly and had one recommendation: "Use a thawed chicken."

A Mexican bandit made a specialty of crossing the Rio Grande from time to time and robbing banks in Texas. Finally, a reward was offered for his capture.

An enterprising Texas Ranger decided to track him down.

After a lengthy search, he traced the bandit to his favorite cantina, snuck up behind him, put his trusty six-shooter to the bandit's head, and said, "You're under arrest. Tell me where you hid the loot or I'll blow your brains out."

But the bandit didn't speak English and the Ranger didn't speak Spanish! Fortunately, a bilingual lawyer was in the saloon and translated the Ranger's message.

The terrified bandit blurted out, in Spanish, that the loot was buried under the oak tree in back of the cantina.

"What did he say?" asked the Ranger.

The lawyer answered, "He said, 'Get lost, you turkey. You wouldn't dare shoot me.'"
