April 28,2026

We are incredibly grateful for the donation from the Community Impact Grant Program. The donation provided by Rotary to the School District of Waupaca's School Social Worker Good Samaritan Fund allowed us to offer meaningful support to students and families across our district.

The funds have been used in a variety of impactful ways. We were able to purchase fidgets and noise-canceling headphones to help students regulate their emotions and focus in the classroom. Additional resources, including

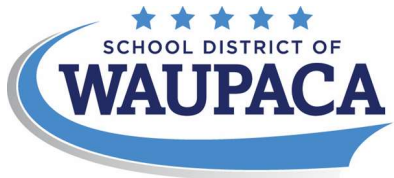

mental health-focused board games, building sets, and other stress-reducing tools, have enhanced our student services spaces. We also purchased a range of art supplies, including canvas, markers, and paint, to support creativity and expression.

In addition, the donation helped supply essential items such as clothing, undergarments, winter gear (including gloves, snowpants, boots, and shoes), school supplies, and hygiene products for students in need.

The funds supported food related needs as well. Snacks were made available for students, and the high school social worker organized a "Cocoa and Conversation" group activity during a celebration day to foster connection

We thank the Rotary for the opportunity to support the academic success of our districts students and families.

Sincerely,
Laura Rapp, Anne Collins-Reed and Leah Zeamer
School District of Waupaca School Social Workers
