Setup RI Direct

Setup RI Direct

Connecting DACdb and Rotary International will allow you to upload and sync data easily between the two databases faster than the 'email' method. This eliminates the need for duplicate data entry, and speeds up the process of integration. Rotary International also prefers to have this method enabled as it reduces errors and manual labor at their end. *We highly recommend you enable RI Direct.*

Turning this feature on also gives you access to Member Compare. (Compare data between RI and DACdb on one easy screen.)

RI Direct must be enabled in *two places*: **DACdb** and **Rotary International**.

Note: Once configured in both DACdb and RI, it can take 24-48 hours for RI to enable the system.

Enable at RI

1. Log into (or create an account at) My Rotary: <https://www.rotary.org/myrotary>
2. Go to: Manage --> Club Administration
3. Under "Club & Member Data" look for "Update Club Data" and click the blue "Edit Vendor Partner Organization"

CLUB & MEMBER DATA

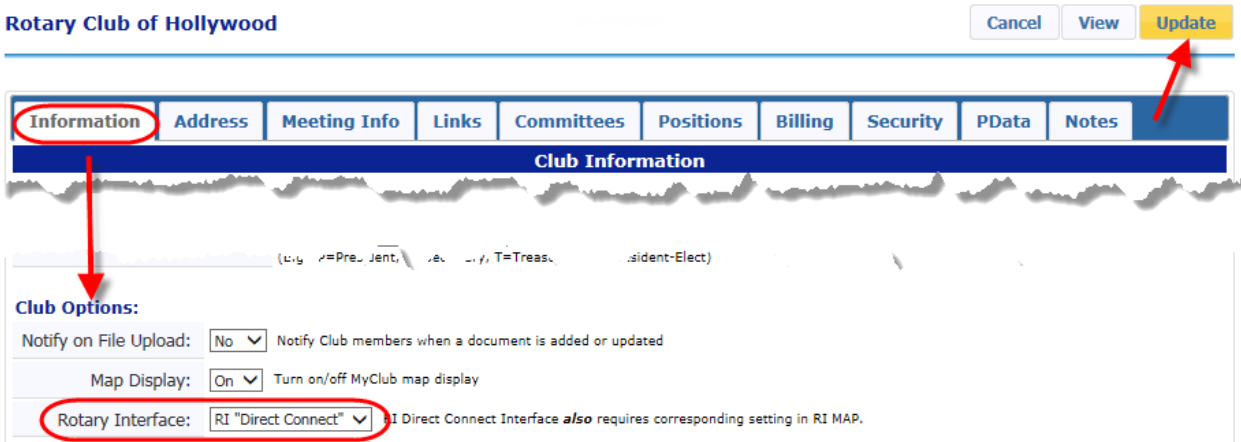

★ **Update Member Data**
