Friday, June 6, 2025 at 11:00 am

Presented by [Kalamazoo Institute of Arts](#), 314 S. Park Street, Kalamazoo, MI 49007

Leo Villareal: Interstellar invites viewers into the immersive digital worlds of Leo Villareal, where code, celestial bodies, and humanity converge into a fusion of art and technology. This exhibition showcases a collection of works by Villareal from the last five years, underlining his pioneering role in the realm of digital art in the 21st century. By creating atmospheric artworks and environments where space and light collide, Villareal instills a sense of awe and wonder, offering intimate moments for both personal and collective reflection. The KIA's centennial celebration continues with An Infinite Constellation of Love, opening in the Joy Light Gallery on February 22, 2025. This one-of-a-kind exhibition invites visitors to journey into the dazzling and boundless world of JooYoung Choi's artistry. Visitors are invited to engage with Choi's interdisciplinary universe of videos, sculptures, paintings, and site-specific installations. Inspired by science fiction, fantasy, social justice, and Choi's personal history, viewers can experience the artist's fantastical realm filled with a cast of characters where art and storytelling converge to spark dialogue around identity, belonging, trauma, and resilience. Through her vibrant imagery and playful sculptures, Choi embraces the beauty of our differences and celebrates the power of connection within diverse communities. At the heart of this exhibition is a profound exploration of family, reimagined beyond the confines of a traditional "family tree." In An Infinite Constellation of Love, Choi invites viewers to consider family as an ever-expanding constellation of relationships—defined not by biology alone but also by shared care, support, and love in all its forms. Born in Seoul, South Korea in 1982, JooYoung Choi immigrated in 1983 through adoption to Concord, New Hampshire. While completing her BFA at Massachusetts College of Art and Design, Choi returned to South Korea and reunited with her birth family, an experience that shaped her understanding of family and belonging. Since graduating with an MFA in 2012 from Lesley University in Cambridge, Massachusetts, Choi has exhibited in numerous venues, including Crystal Bridges Museum of American Art, Bentonville, AR; Parrish Art Museum, Water Mill, NY; The Contemporary Arts Museum Houston, TX; and The Crow Museum of Asian Art, Dallas, TX, among many others. Choi's artistic practice uses painting, video art, sculpture, animation, puppetry, music, and installations to create an expansive imaginary world called "The Cosmic Womb." Her work has been featured by PBS Digital Studios, YTN (Korean Global News Network), the LA Times, and the Huffington Post. She has received many grants and awards, including support from the National Endowment for the Arts and Artadia, and has participated in numerous artist residencies to expand her artistic vision.
