Founder of Rotary

Paul P. Harris

1868—1947

Paul P. Harris, a lawyer, was the founder of Rotary, the world's first and most international service club. Harris was born in Racine Wisconsin, USA on April 19, 1868, Paul was the second of six children to George N. Harris and Cornelia Bryan Harris. Married to Jean Thompson Harris (1881 - 1963), they had no children. He received an L.L.B. from the University of Iowa and received an honorary L.L.D. from the University of Vermont.

Paul Harris worked as a newspaper reporter, a business teacher, stock company actor, cowboy, and traveled extensively in the U.S.A. and Europe selling marble and granite. In 1896, he went to Chicago to practice law. One evening Paul visited the suburban home of a professional friend. After dinner, as they strolled through the neighborhood, Paul's friend introduced him to various tradesmen in their stores. It was here Paul conceived the idea of a club that could recapture some of the friendly spirit among businessmen in small communities.

On February 23, 1905, Paul Harris formed the first club with three other businessmen: Silvester Schiele, a coal merchant; Gustavus Loehr, a mining engineer; and Hiram Shorey, a merchant tailor. Paul Harris named the new club "Rotary" because members met in rotation at their various places of business. Club membership grew rapidly. Soon Paul became convinced that the Rotary club could be developed into an important service movement and strove to extend Rotary to other cities.

Paul was also prominent in other civic and professional work. Paul maintained his law office for most of his life. He spent much time traveling and was invited to speak to Rotarians at annual conventions, district and regional meetings, and other functions. When President emeritus Paul Harris passed away on 27 January 1947, his dream had grown from an informal meeting of four men to some 6,000 clubs. In the past five decades, the organization has grown to more than 31,500 clubs with 1.2 million members brought together through Paul Harris' vision of service and fellowship.

Object of Rotary

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- 1** *The development of acquaintance as an opportunity for service;*
- 2** *High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society;*
- 3** *The application of the ideal of service by every Rotarian to his personal, business and community life;*
- 4** *The advancement of international understanding, good will, and peace through a world fellowship of business and professional men united in the ideal of service.*

THE FOUR WAY TEST

Of the things we think, say or do

- 1. Is it the TRUTH?**
- 2. Is it FAIR to all concerned?**
- 3. Will it build GOODWILL and BETTER FRIENDSHIPS?**
- 4. Will it be BENEFICIAL to all concerned?"**

District Governor Elect James “Jim” Cupper and Chris Cupper

Cupper was born and raised in Pittsburgh, Pennsylvania. His family moved to Connecticut in 1960, where he attended Ridgefield High School.

After graduation, Cupper joined the U.S. Air Force, where he served four years as an air traffic controller.

After receiving an honorable discharge from the USAF, Cupper enrolled at Western Michigan University, where he earned a BBA with a major in advertising. Upon graduation, he worked for Burroughs Corporation as an account executive, selling adding machines, accounting machines, and later — computers. Cupper subsequently worked for the FAA as a civilian air traffic controller prior to joining Beardsley & Company, a full-service advertising agency as a writer and account executive. He then became a senior account executive at Stap, another advertising agency. Today, he continues to work in the advertising industry, serving as senior brand strategist for McCrosky Marketing Communications.

Cupper’s Rotary career began at the Gull Lake Area Rotary Club in the early eighties. Unfortunately, time constraints forced him to resign, however, he never lost his affinity for Rotary, and joined the Rotary Club of Kalamazoo in 2009. He became very active in the Kalamazoo club, acting as chair of the Literacy Committee. In that capacity, he was instrumental in leading the implementation of what has become one of the club’s signature programs — *Rotary is for Reading*.

Cupper joined the Rotary Club of Kalamazoo’s Board of Directors in 2013 and was subsequently elected club president for the 2015-2016 Rotary year. District Governor Elect, *cont.* James "Jim" Cupper and Chris Cupper

"My year as president of the Kalamazoo Club has been an exciting, rewarding and fun experience," says Cupper. "Highlights included the visit of the Rotary International President, and the implementation of several new programs, but the accomplishment I am most proud of was our club's success in generating almost \$14,000 for Polio Plus on World Polio Day. That was not only gratifying, but demonstrated what wonderful, generous people we have in our club. I look forward to an exciting second half of my year, when we will focus on growing our membership."

Cupper attended the Rotary International Convention in Sao Paulo with his wife Chris last year and they look forward to attending the upcoming convention in Seoul, Korea. "If you have never attended a Rotary International Convention, you should make a point of doing so. It is an unforgettable experience that just might change your outlook on life," enthused Cupper.

ROTARY INTERNATIONAL AREAS OF FOCUS

PROMOTING PEACE

Today, 42 million people are displaced by armed conflict or persecution. Rotary Peace Fellows develop the skills to strengthen peace efforts, train local leaders to prevent and mediate conflict, and support long-term peace building in areas affected by conflict.

FIGHTING DISEASE

More than 100 million people are pushed into poverty each year because of medical costs. Our members educate and mobilize communities to help prevent the spread of polio, HIV/AIDS, and malaria. Many of our projects ensure that medical training facilities are located where the workforce lives.

PROVIDING CLEAN WATER

More than 2.5 billion people lack access to adequate sanitation facilities. Our projects give communities the ability to develop and maintain sustainable water and sanitation systems and support studies related to water and sanitation.

SAVING MOTHERS AND CHILDREN

At least 7 million children under the age of five die each year due to malnutrition, poor health care, and inadequate sanitation. To help reduce this rate, we provide immunizations and antibiotics to babies, improve access to essential medical services, and support trained health care providers for mothers and their children.

SUPPORTING EDUCATION

Sixty-seven million children worldwide have no access to education and more than 775 million people over age 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

GROWING LOCAL ECONOMIES

Nearly 1.4 billion employed people live on less than \$1.25 a day. We carry out service projects that enhance economic and community development and develop opportunities for decent and productive work for young and old.
