Welcome

Thank you for your interest in our next generation of website themes. These new themes enhance viewing the website on mobile devices and can have a banner or content full width across the page below the menu.

About Next-Generation Themes

ClubRunner's new themes are based on **Bootstrap**, an industry-standard framework for building mobile and responsive sites. You can learn more about Bootstrap by visiting <u>http://getbootstrap.com</u>.

Currently there are four next-generation themes available. They are called **Millennium**, **Midcentury**, **Vision** and **Community**.

These themes were designed from the ground up on a new framework that is fully responsive and scales beautifully on all screen sizes. Please view the next four pages for examples of what these new themes look like.

Finding Safe Haven

Throughout India and around the world, Rotary clubs are celebrating a major milestone: India has gone three years without a new case of polio. The last reported case was a two-year-old girl in West Bengal on 13 January 2011. To mark this historic triumph, Rotary clubs illuminated landmarks and iconic structures throughout the country with four simple but powerful words, "India is polio free."

For years, Angalia Bianca had slept in abandoned buildings throughout Chicago. She stole. She did drugs. She spent time in and out of jail for forgery, theft, trespassing, and possession of narootics. But after she landed in prison for the seventh time, something changed -- Bianca knew she wanted a better life. She just didn't know how to make it happen.

What is it like taking a large team to Africa? It has probably been one of the most rewarding experiences in my life. In mid February, I began leading Rotary members from all over the East Coast of the United States through Ghana. Tve tried to give the team a warm Ghanain welcome like Tve received on my earlier trips. A large trip is a real blessing because each person sees Ghana and our work in a different way.

4. If you like what you see in the preview on the right, you can click on the orange **Publish** button to set the theme to be used on the website.

Pick a new Content Layout

While using the one of the New Bootstrap themes, you can use new our new content layouts. There are 5 new layouts available.

Please note: The new content layouts **Banner (Full Width)** does not display the full width of the page with the non-Bootstrap themes.

The five new layouts are as follows:

- Full Width Top Band above Right Sidebar
- Full Width Top Band above Three Columns
- Full Width Top Band above Left Sidebar
- Full Width Top Band above Wide Narrow
- Full Width Top Band + Rest Bands

You can change the **Content Layout** on the **Edit Content** section in Website Designer, by clicking on the blue **Content Layout** button near the top right. Please read the KB article called <u>Content Template in</u> <u>ClubRunner</u> for additional information and to learn how to change it.

Brand Logo

With the new Next Generation themes, we have a brand logo available by default. In order to update or modify the image, you may use our brand image manager. Please read the following steps to learn how to update your brand logo.

1. While logged into ClubRunner and Inside of the Members area, Click on the **Website** tab, and then **Website Content.**

2. On the left hand side of the page, you should see the **Settings** icon on the ribbon bar, click on it.

3. From here, under Graphics, click on the Upload Menu Home Icon Link.

We now have the Carousel Widget available for use. The carousel widget will pull its image from a photo album. To get started you will want to go and create a new Photo Album in the Photo Album Library. For more information on how to create Photo Albums, please see this <u>KB article</u>. When adding photo's to be used in the carousel it is important to use photos with a consistent height and width. We do recommend using images that are at least 1920 pixels wide in order to make sure they look good on all screen sizes and all areas. Lastly, we also recommend going into the widget properties and setting the Title not to be displayed, and not having a border.

We have some images available to be used in the photo galleries available on our knowledge base here: <u>Carousel</u> <u>Images</u>.

New images in Image Library

To get you started with adding banners and carousel slides, we have added Rotary images (from the Rotary Brand Center) that are cropped and sized appropriately.

You can find them under the Rotary main folder of your image library.

We've now made some changes to the footer editor; it is more automated and requires less manual input. If you haven't yet tried it out, please go into your Website Designer and click on the **Footer Section**. From here you can edit the Active Footer on your website. By simply editing the footer, it can improve how the footer looks on your website. It will automate the height and padding requirements.

Note: At this time tables cannot be used in the footers.

FAQ

1) When will the carousel widget be available?

It is now available! You can find it in the Essentials Widget tab.

2) Can I have a carousel widget in other pages or areas?

Yes. You can have the carousel widget anywhere in the content area on your home page and on custom pages. However, bear in mind that the carousel will only be full-width when it is placed inside the Top Band of the Home Page. You can tell which area is full width by noting the different background color in the content layout selection:

If it is not in a full-width area, it will still work fine, but it will appear just like other widgets.
