## Cyber Security: Our World Under Attack

"Cyber security has failed". That is the view of Isaac Bennett. Bennett told Peoria Rotarians that online threats are growing at an increasing rate...and cost...to businesses. His firm, YouAre, LLC | Secure is intended to fight hackers and malware from within, rather than adding another lock on the system. Intended for companies with a staff of fifty or more, Bennett said his "Intrusion Shield" is an asset that businesses can't afford to be without.

Isaac Bennett pointed to last month's cyber-attack on Colonial Pipeline. Colonial paid a ransom of 4.4 million dollars to get back control of the pipeline which feeds oil to much of America's northeast. It still took six days to restart the pipeline.

While Bennett believes Colonial is financially secure, he also says that over sixty percent of companies attacked by cyber warfare are out of business six months later.

**So You Thought You Knew Corky and Robbie Robertson (in 275 words or less!)**  
By Edie Barnard

Robbie and Corky Robertson sit together at Rotary every Friday. Are they reminiscing about their past experiences or are they planning new adventures? We appreciate the powerful familial role model of these two amazing Rotarians. Below, Robbie shares a peek into the lifetime of two remarkable men who so alike (see pictures at desks) and so willing to share their talents with local, state and national communities.

**Like Father, Like Son....60+ Years on a Mission: Corky and "Bill" Robbie Robertson**

Corky and Robbie have over 60 years of public service between them. Corky joined Rotary in 1972. Robbie came in 2004. The two share a unique mission. Public service. Corky...educating generations of Peorians for over 34 years as a coach, teacher and Principal at Peoria High School. Some members of the club were coached and taught by Corky. Robbie... over 34 years in the IL Air National Guard. As the Commander of the 182d Airlift Wing for the last 10 years he is responsible for over 1,200 airmen. Both have shared a unique mission of leading, training and educating members of our area for service to the nation, state and community. Robbie would tell you that Dad was... "A tell-it-like-it-is guy and a great influence in my life. Tougher than nails but a big heart and caring person deep inside that gruff exterior. He was always teaching me to be prepared for anything," says Robbie. "I just hope I can do as well as he did. A tough act to follow for sure!" Both got a start at a young age in the Air Guard. Corky as an armorer on P-51 Mustangs and Robbie as a Security Policeman guarding aircraft and bases. Both ascended to leadership positions in our community. At one point in their careers Robbie flew Corky in an A-37 jet fighter as part of an orientation flight. Who was in control then? Corky and Robbie use the Rotary meeting as time to catch up over lunch but also connect with our members.
