

Tips for the Rotary Sunrise Gardeners - 2022

- **Where?** O'Fallon YMCA - North side of building
- **What is planted?** Tomatoes, peppers, squash, pole beans, sweet potatoes, marigolds, carrots, cucumbers, melons, onions, and more.
- **What should I bring?** Gloves, trowel, pruners, and paper bags or boxes to hold harvested produce, but these supplies and equipment are also in the shed.
- **When is the Food Pantry open?** Monday 9-12
Tuesday 9-3
Friday 9-3

When you deliver harvest to the Food Pantry (or elsewhere), weigh it and let Martha (4meggers@charter.net; text 618-406-8325) know the weight. If you harvest on days the FP isn't open, refrigerate the harvest or ask another Rotarian to deliver it for you.

- **What if I have questions?** Contact your Team Captain/Garden Guru, Yo (yolanda.wood@gmail.com), or Martha (4meggers@charter.net; 618-406-8325).
- **When I finish gardening, what do I do?** It is helpful if, after you've worked in the garden, you email your team members and Martha telling what you did and/or what needs to be done. Martha will pass the info on to the next week's team.

Thank you for your service on this project!
You are making a difference and creating opportunities for others!
