The Fishers Rotary Club is the largest service organization in Fishers with a group of over 100 diverse members. The Fishers Rotary Club contributes to many local community organizations. The FORE! THE KIDS CHARITY GOLF EVENT is focused on raising money for organizations that support the Stigma Free Fishers mental health initiative. Our primary benefactor will be HSE Project Hope!

A STIGMA FREE FISHERS Our Primary Beneficiary

The Fishers Rotary Club is championing the collaborative Mental Health Initiative in an effort to raise awareness of the mental health challenges that exist in our community, and ensure that our residents have access to resources that will both prevent crises and help individuals when crises occur. To make real strides on this front, we must endeavor to become a stigma free community.

It's OK to say I'm not OK.
