Message from the Chair

Fellow Rotarians,

Welcome to the latest issue of the *Fellowship Advancer*! Let me extend my thanks to all the Fellowships that contributed information about their activities for this 9th issue. Fellowship Chairs are encouraged to submit articles to inform and promote interest in the Rotary Fellowship World.

Distribution of the Newsletter

- The Newsletter is prepared by members of the Fellowship Committee and distributed by our support staff in Evanston, Illinois. A special THANK YOU to staff members Jesse Allerton and Kathryn Nichols for all they do to support the Fellowships.
- Each issue of the Fellowship Advancer is distributed by the staff to all Fellowship Chairs and the District Fellowship Chairs.
- District Fellowship Chairs are responsible for distribution of the Newsletter to the clubs.
- This is completed at no cost to the Fellowships or to the Districts.

A really big THANK YOU to Fellowship Committee Vice-Chair Stella Russell for taking on the responsibility of editing this edition of *The Fellowship Advancer*.

As always, the general Fellowship Booth at the New Orleans Convention needs volunteers. Hopefully, each Fellowship represented at the convention will be able to spare a little time to staff the booth and further the cause of all Fellowships. If your Fellowship does not have a booth but you would like to distribute information about your Fellowship, please let us know and we will provide shipping information for the materials. I hope to see many of you in New Orleans! - **Steve Leonard**

Since our last Article, our **Italian Chapter** has a new Board and rebranded itself – **ARACI.**

They also introduced a trophy for the highest placed Rotarian competing in the Mille Miglia 1000. This year there were 43 Rotarian crews competing from 10 Countries. This year's award was won by Giuseppe Redaelli from the RC of Varese competing in a very nice 1933 Aston Martin Le Mans who finished 11th overall – a great effort.

Main Country Organisers came forward for **Australia, Austria**

and **Germany** and Yves Lozach organized his first Rally in **France** from Paris to Le Touquet. This event also attracted Rotarians from Belgium and the UK.

However the main activities of the Fellowship have been getting ready for 2011.

In **North America**, President Joanne Pistorius has been very active communicating via TV, Newspapers and Club visits, hers and husband Brando's 4000 mile round trip to the Montreal Convention in their 1930 Packard. She has also started organizing the **2011 RI Convention Activities**. Current plans are to have three Ride Along rides starting in California, Florida and New York all arriving in New Orleans on or around the same day. She is also organizing a Cajun Cook Out for world wide members of the ACHAFR on Tuesday May 24th at 6pm for 7 pm. Further details of these can be found at www.achafr.com . Inside the Convention House of Friendship she will be pleased to greet any current or prospective members of the Fellowship as well as explaining the intricacies of their 1904 Oldsmobile curved dash replica.

This event will be followed in **Europe** with the Rotary European Rally being organized by the RRAF in Cumbria, England in early June. The organizers have already received provisional reservations from 50 crews with a large contingent coming over from the Netherlands. The ACHAFR will also hold its AGM during this Tour.

Further events are already planned in Australia, England, France, Germany, Italy, USA details of which can be found at www.achafr.eu . – Why not join them?

The IFBR is in the process of planning a birding trip for the spring of 2011, organized by Elena LaBorde-Bishop. The trip is projected to include stays at two jungle lodges. Interested person should contact Elena as soon as possible at elaborde@sbcglobal.net

A highlight of every RI Convention is our annual field trip, held the day after the convention closes. Our local guide in Montreal took 15 birders and friends to the local Botanical Gardens, where we encountered 26 different species. We were excited to see a young Cooper's Hawk near its nest, as well as many young Pied-billed Grebe.

Our booth activities included signing up 14 new members and renewing many existing ones. At the AGM, the 2009-10 officers were re-elected for 2010-11. Left, President Steve Leonard;

right, newsletter editor Susan Leonard and IFBR Founders Dick and Elsa Tafel talk with an interested Rotarian.

International Caravanning Fellowship of Rotarians

In 2010 an active rally programme was again enjoyed with nearly fifty rallies at home, supporting the RIBI Conference in Bournemouth, tours in East Anglia, Wales, the Yorkshire Dales and a new Golfing Rally in Middle England. The two major Fellowship Rallies, the AGM at Stratford on Avon Racecourse and the Autumn Fellowship Meeting at Banham Zoo in Norfolk were well supported.

On the Continent over 60 members with caravans or motorhomes enjoyed the two rallies to the Oberammergau Passion Play and also the two rallies to Western France, particularly in Pons meeting up with French Rotarians twinned with Frome Club in RIBI.

Over the past 12 months sixty eight new members have been recruited with another half dozen Rotarians with caravans identified as potential members. This marginal increase over 2009 is again due to those ICFR members who have manned the Booths at RIBI and their own District Conferences together with personal contact in their own Rotary Clubs and Districts.

For 2011 our International Programme starts with a tour in South Africa, two rallies in May and June to France and ends with a rally on the Costa Brava. At home many areas of the UK will be visited with the AGM at Sandwich in Kent, the Autumn Fellowship at Bridport in Dorset, with tours of South Wales, East Anglia and many rallies throughout the UK.

New Year 2010 ICFR Rally at Langham in Rutland

If you are a Rotarian with a caravan or motorhome not in ICFR and enjoy caravanning at home and abroad throughout all "seasons of the year".

Please download a membership application form with the 2011 rally programme from the ICFR website. www.rotarianscaravanning.org.uk and join a very active Rotary Fellowship.

My thanks to all those who have run ICFR rallies in 2010.

As from January 2011, Don Howard will be taking over as President –

International Fellowship of Carnivals, Parades & Festivals

The carnaval season has started again.

Several members of the „International Fellowship of Carneval ,Parades and Festivals“ have met at one of the great opening events for the Cologne Carneval on 11th November, the Raderdoll party .

With a lot of fun we have started in the very eventful winter season of the Fellowship. Plans for the next events have been made and are published on the Fellowship web site www.ifcpf.org.

For Example:

- Boardmeeting End of December
- Rosemondag Parade in Cologne
- “Fastnacht“ parade in Basel (Switzerland)

The end of the calendar year marks the halfway point in the Rotary year. A time when we plan for the following Rotary year and we review what has worked and what hasn't this year. The recent election has put next year's team in place and we congratulate James Corbin and Chanjiv Singh on joining the board.

Recent upgrades to the website are in progress and we are currently working to find the best layout and background to suit the majority of our users.

Many members join the ICUFR for advice on how to resolve the endless little snags that seem to crop up with computers.

Our mailing list in particular can be a great help if you have a question. But sometimes you need more than a pile of suggestions, you need someone to work through the problem with you.

On the website at www.icufr.org you will find :

- Articles, links and news feeds about computer security.
- Technical tips to help you get the best out of your computer, be you novice or 'expert'.
- Opportunities to communicate with other Rotarians through our forum at <http://forum.icufr.org/> ,
- Our Facebook and Twitter groups, links to which will be found on the website.
- Our Rotary Lists hosted by Irwin Taranto.

We look forward to meeting members and potential members at the House of Friendship at the RI Convention in May.

It has been a busy year for our fellowship with the World Festival in Durban South Africa in March and now the Australian Festival at Lilac Hill Perth, Western Australia in October. The magnificent Lilac Hill ground has three excellent turf wickets all adjacent to one another. Historically Lilac Hill was the regular venue for a festival style opening game for touring Test teams until the practice was discontinued quite recently. Visitors from India, UK and a team from NZ provided an international dimension to our festival. Teams styled Western Redbacks, Victorian Bushrangers, North Queensland Crocs, Bundaberg Bears, New Zealand and Extras competed against each other. Monday, Tuesday and Friday saw two games of 35 overs each, while the Extras team played a double wicket game. Wednesday was taken up with golf and touring while showers of rain on Thursday restricted us to two T20 matches.

Fellowship was a very important ingredient in the success of the week. Features were regular match report sessions on each playing day together with the more formal opening ceremony and final dinner, together with attending a meeting of the Rotary Club of Midland.

At the final dinner Ravi, chairman of IFCR India, spoke to the assembled guests about the next World Festival to be held in Vapi, India in February 2012. He impressed on the audience that all visitors to the festival would be very safe and a good time would be had by all.

Exchange students from Belgium and France featured in the festival – two girls and a boy. Geoff the boy from Belgium played his first games of cricket and was quite good with the bat and fielding but found the bowling a problem. However the umpires were very sympathetic and none of his deliveries were assessed as no balls.

International Fellowship Cycling to Serve (FCS), a Rotary Fellowship

www.cycling2serve.org

4-DAYS CYCLING IN ITALY

Members of the Fellowship Cycling to Serve met in May for the traditional 4-days cycling hosted by RC Servia Cesenatico in Italy. The cyclists from around Europe and their partners received a warm welcome in the Valverde hotel of the Ricci family in Cesenatico. Members of RC Cesenatico organized nice guided rides and touristic tours to Ravenna, wine-tasting and dinner at the Ricci's vineyard and a gala dinner with members and friends of RC Servia Cesenatico. A wonderful cycling and fellowship event with countless opportunities to develop new cycling friendships.

In 2011 members of the Fellowship Cycling to Serve are invited by RC Bad Wildungen-Fritzlar in Germany. The venue for the 4-days cycling will be the Timber Academy

of Bad Wildungen. Visit www.fcs4days.timber-academy.info for details.

ROTARIAN WORLD CYCLING CHAMPIONSHIPS 2010

On 11 September 2010, Rotary Clubs of Enns, Gallneukirchen and Perg in Austria organized the 26th World Cycling Championships for Rotarians. The organization could welcome about 150 participants from 12 European countries. The races took place on a rather selective circuit at the skirts of Perg under ideal weather conditions. Unfortunately the championship was overshadowed by a number of rather serious crashes. We wish our friends good recovery. Funds raised in conjunction with the Championships were donated to the "Herzkinder" project in Austria, Social Market Perg and Maternal Health Project in Nigeria. The gala dinner/evening of friendship was held in the "Marmorsaal" of the monastery of St. Florian. An excellent Fellowship weekend was the result.

RC Aubonne Switzerland is currently preparing for the organization of 2011 Championships to be held the weekend of 3-4 September 2011.

FELLOWSHIP CYCLING TO SERVE INDIA

Our FCS team of Rotarian cyclists from D3131 is growing steadily. On 28 November Biathlon Event was organised for students in the age of 12 to 16 years. They cycled 15 km and had to run 2 km. The aim of the event is to promote "Safe and Better Cycling" which is an important topic in India.

FELLOWSHIP CYCLING TO SERVE USA/CAN GROWING

The Fellowship Cycling to Serve (FCS), USA/Canada Chapter, has grown from three directors and a newsletter editor on April 1, 2010, to a total of 41 members as of October. The current organization is a reorganization of the North American chapter of cycling Rotarians, which became dormant a couple years ago.

The USA/Canada Chapter is linked through International Fellowship of Rotarians to the original and larger group serving fourteen of European countries. Current USA/Canada membership is represented in California, Arizona, Colorado, Florida, Ohio, Pennsylvania, Texas, South Carolina, Wisconsin, Virginia and Canada. Past RI vice president Eric Adamson is one of the charter members of the revitalized group. The directors of the North American chapter hold Internet and phone meetings, routinely publish a monthly newsletter (RIMS), promote Rotary cycling events, has designed and made available to members FCS pins and special cycling jerseys. The directors hope to increase memberships over the winter months. This will make it more feasible to engage in special membership events during the summer of 2011.

More information on the USA/Canada chapter of FCS may be obtained from Membership Information USA/CAN : whobikes@comcast.net or craigtb3@aol.com and RIMS Newsletter Submissions: rotaryrims@comcast.net

Rotary year 2009/2010

"The Future of Rotary is in your hands" was the inspiring idea in 2009/2010, and our Esperanto Rotarian Fellowship therefore started this year to study the language situation in the world and especially in our Rotary universe in order to image the future use of languages worldwide in the short, medium and long term.

"To encourage and foster the advancement of International Understanding" is one of the most important objects of R.I., and our Fellowship is extremely concerned to empower all those Rotarians, who have problems in direct communication with members of different linguistic backgrounds.

An Opinion Poll was prepared and distributed to members in order to enquire about the use of languages during their weekly club meetings in some countries and the opinions about other language concerns.

In Rotary clubs in the United States of America the only language used in that country is English, but we had interesting reports of countries where different languages are officially used. Nevertheless in some clubs in the USA, RADE members made presentations about language situations and Esperanto as a bridge to Rotarians of different languages.

During the annual Esperanto world convention in Bialystok, Poland, July 2009, our Fellowship presented the publication "PAUL HARRIS - Pioniro de nova Mondo," and non-Rotarian-Esperanto-users had an outstanding occasion to read and learn about our great Founder, thus inviting Esperanto speakers to become eventually Rotarians in their respective countries. Part of the sale of this book is destined to go to the Rotary Foundation program POLIO+ PLUS.

At the Montreal Esperanto Rotarian Fellowship booth in June our language opinion poll was answered with interest by the convention goers. In Brazil during annual District Conferences the opinion poll provoked debates about the world language situation and the use of national languages as international languages in human history.

We participated in the General annual Meeting of all Rotarian Fellowships in Montreal, but as always, the only working language was English and whoever can not use this language fluently, remains passive.

The fifth avenue of service is now established by the Council on Legislation, and so our Fellowship is even more interested in fostering activities in Rotaract and Interact. At the Montréal booth Brazilian Rotaractors presented their very interesting documentation about countries and languages in all 534 R.I. districts.

Active members of our Fellowship in Rotaract clubs organized presentations and Power Point shows about Esperanto mostly in Brazil. As a consequence, young members of the Rotary Family are now studying the International Language Esperanto.

No dues are necessary in our Fellowship, as all newsletters are sent by e-mail at no cost.

Our Fellowship distributes the publication ADVANCER to all members, and is convinced, that this newsletter is extremely useful, because it gives information about all Rotarian Fellowships and their activities.

Building Communities - Bridging Continents is the new invitation to all of us in 2010/2011, and we Esperanto speakers in the Rotary family had built and are enjoying their *community* and use a friendship language *to bridge all continents*.

International Golfing Fellowship wishes to alert you to the 48th Annual World Championships...and to encourage each of you to visit www.igfr-pinehurst2011.com

As part of the run-up to the event we are planning a major PR program in accord with the latest RI Strategic Plan, the culmination of which will be a special edition of the PILOT widely circulated from Southern Pines and which we are planning to distribute throughout our area on Sunday August 21st...the insert will focus on "what Rotary Clubs do to Build Communities and Bridge Continents" and feature club stories and pictures primarily from the central NC districts of 7690, 7710, 7730...

Net proceeds will go to the Rotary Foundation and clubs are being given the opportunity to participate in fund raising activity...

Since the event is a Fellowship event I think we should have copy about what Fellowships do in connection with this year's theme...not only that, I am extending a personal invitation to you to help us celebrate International Day on Wednesday the 24th when we will be inviting the entire Sandhills population to come to the Resort - meet and greet Rotarians from all over the world and help them learn more about North Carolina people, customs, arts and crafts and our version of the culture of the USA...it would be an excellent place for a Rotary Fellowships booth or display as well as a personal visit...

Leticia Parra Toledo - Mexico. Business: 52-555-5624632; Residence: 52-555-5621926; E-mail: parratoledo@yahoo.com

"When Leticia asked if I would write something about ROTI for the Fellowship Advancer edition, I had to stop and think..... because she needs something brief, not a book!

My first experience with a Rotary Fellowship came as a result of the RI Convention in San Antonio, Texas, USA, which was also my first experience at an international convention. After spending almost a week rooming with two ROTIans, namely Cheri "CK" Bryant and LisaKay Golde, I really wasn't given much choice but to join this fellowship called ROTI.

From that experience and fellowship with ROTIans including Chip Ross, Ron Nethercutt, Todd Lindley, Leticia Parra, Jim West, Marguerite Constantine, and many others, I knew that ROTI was a great way to bring Rotarians together. That was the one of the best things that has happened to me since joining Rotary. I learned so much more about Rotary during the first several months of joining ROTI than I had in the 7+ years of being in Rotary. While I may not always agree with things members write, I have become more aware of the vast differences and yet the sameness of people and cultures around the world.

ROTIans work wonders! A very dear friend got ill in Alaska (we live in Florida); but through ROTI, I was able to make contact with Rotarians in Alaska, via the Philippines, to go to the hospital and check on her. Then when I was looking for a GSE partner, lo' and behold there was Finn Munk, D-1440. And John Glassford from Australia told me about a project at an orphanage in Kenya he needed some help with.

We have shared many happy hours at conventions since, including Chicago, Salt Lake City, and most recently Montreal, at "Bev's Hospitality Room". Where else would you likely go and find 25-30 people from 10-15 different nations and 7-8 different states together in a hotel room discussing serious possible Rotary matching grant projects, as well as what's the best scotch and rum, and what did I do wrong on my computer! And, yes, I look forward to seeing all my ROTI family in New Orleans".

I cordially invite you to GO Now to our site and join!! www.roti.org

Rotarians On Social Networks Fellowship (ROSNF)

<http://www.rosnf.org>

Promotes fellowship and service utilizing all the tools available on social networks.

Chair

Simone Carot Collins - Australia. Residence: 61-8-94564762; E-mail: organist@inet.net.au

We are thrilled to provide our first report to the Fellowship Advancer since our official approval in June 2010. Chartering with 488 members from 63 countries, as of 29th November 2010 we currently have 654 members from 73 countries.

Initial projects have included:

- providing ongoing advice about safely and effectively using social networks via our Facebook page (facebook.com/ROSNF),
- a Google map where over 500 Rotary and Rotaract clubs have pinned their meeting location and contact details (<http://tinyurl.com/ROSNFmap>), and
- the creation of a Facebook application to help members of the Rotary family connect easily through searching by country to find contacts (currently under development).

ROSNF also facilitates service projects, for example:

Rotary Clubs in and around Ontario, California, USA, worked with a local professional ice hockey team for a "Put Polio On Ice" fundraising night; through ROSNF, that event will be duplicated by the Rotary Club of Stratford (D7820) in Charlottetown, PEI, Canada.

- RC Sherman Oaks Sunset (California, D5260) enjoyed a Dance Marathon for PolioPlus, and through ROSNF that idea is now spreading across the Rotary world, with a "Dance for the Children" group on Facebook designed to arrange a weekend in September when many Clubs will hold dances for PolioPlus simultaneously.

A number of matching grant projects have arisen through new friendships made through ROSNF. Through Facebook, Rotarian Scott Rossi (RC Cary-Kildaire, North Carolina, D7710) met Rotarian George "The Water Man" Lewis, the founder of Water Team International. George connected Scott with the Rotary Club of Central Calcutta, and a matching grant is seeing 80 new soak pits providing water to nearly 5700 people in rural areas of West Bengal, India. A matching grant application has also been submitted for a project

in Nigeria, again thanks to connections George has provided to Scott.

Group tours have been part of the ITHF program since 1993, and 2010 was no exception. Prior to the RI Montreal Convention, nineteen enthusiastic ITHF members gathered in Toronto to begin a ten day tour of Ontario and Quebec, ending in Montreal to attend the convention.

Following the convention, a further twenty members flew to Anchorage, Alaska, USA, to begin a two week visit to that state. However, unlike earlier tours, this one focussed on contact with and participation from local Rotarians, who fed, transported, and entertained their international guests. It was, by all accounts, a most wonderful success, filled with magnificent scenery, overwhelming hospitality, and exciting adventures. For a pictorial account of the first ever *Rotary Fellowship Exchange*, please visit

www.ithf.org/documents/Alaska.pdf

To support the idea of initiating connections, President Barry Philps and Jennifer (Australia) have sent out into the ITHF world, three koalas representing their daughters Hazel, Karen, and Morag. Accompanying each Koala is a visitor's book. Koala hosts are asked to let members know where they are and to help them travel the world by passing on their Koala and book personally when they visit an ITHF member. This past summer, Morag started her journey in Evesham, England with Rosemary and Peter Ibbotson; Karen began her travels with Mini and Aswini Kar in Bhubaneswar, India; and Hazel, spent some time with Jack & Jill Schreiber of Iowa, USA, before meeting a lot of ITHF members on the Alaskan tour. She then stayed in Alaska with Noko & Steve Yoshida before moving on to Alameda, California with Susan Jeffries & George Fitzgerald.

ITHF Rotarians love to connect with Rotarians everywhere. To learn more about this friendly fellowship, please visit www.ithf.org. We'd love to have you join us!

After the Convention in Montreal many members of the yachting fellowship from various countries boarded the Canadian Empress in Kingston for a 3 day cruise in Thousand Islands where a lot of fun and fellowship was had. There are actually 1,793 islands in all, the criteria to register as an island, is that it must be above water level all year round, bigger than one square foot and support at least one living tree. The area is very popular with holidaymakers and is often referred to as the "fresh water boating capital of the world".

The Yachting Fellowship is continuing to grow with yet another fleet in the Philippines, one each in Barcelona, Slovenia, and North Wales (UK) all chartered in the last 8 months. Many of the fleets are assisting their Rotary Club's with fundraising for different projects and in the Philippines the four fleets are putting a lot of effort into cleaning up the waterways around their islands.

Members are also encouraged to use our website database when travelling to search for members in that area to visit and/or sail and also to organise interfleet visits, e.g. members from the Skaw Fleet, Sweden have just visited Auckland and had two days sailing on a members yacht and one day out on Past World Commodore's luxury cruiser, Pacific Mermaid.

Anyone interested in joining or learning more about our fellowship should go to www.iyfr.net

The Genova Meeting official logo: IYFR Italy Flagship ITALIA under sail

The first Meeting of the Mediterranean and Black Sea Fleets has been very successful and productive as wished us all by RI President Ray Klinginsmith. Congratulations have arrived from all the participating Regions and Fleets and this is a unique reward for all the IYFR Fleets in Area 1 that succeeded in

building a two thousand long bridge across all Europe and Middle East, and not only in words!

Nine Countries, the IC Terry Stretton, two PIC, the D2030 Governor, 4 Iyforian PDGs, DGE, 1 Area, 3 Region and 18 Fleet Commodores, the Iyforian IFFR Italian President, over one hundred Iyforians and their partners attended to this first Meeting and it is possible that an event like this will be soon imitated elsewhere in the Area.

Genova has been one of the main focal points for maritime affairs in the past millennium and after such a millennium of fights for the Mediterranean and Black Sea control between Spaniards, Turks, Venetians, Arabs, Phoenicians, Greeks, Vikings, Normans, English, we, Fellow Mariners of IYFR, had the chance to get together in peace and in fellowship under the same Rotarian Flag.

The beautiful sea tale by the Spanish Navy Capitan Garcia Velo about his command of the Santa Maria Caravel replica on the same Cristoforo Colombo's routes after 500 years went in the same direction: a fantastic Spaniard enterprise lead by a Genoese great Navigator.

The Mariners had the chance to visit the renown Galata museum, to descend into a submarine, to get on board the brigantine Italia and see what this peculiar vessel, the Flagship of IYFR Italy, carries on every day in favour of the disadvantaged.

A beautiful gala dinner in the senior yacht club in the Mediterranean, the Yacht Club Italiano, perfectly concluded the Saturday events.

The mail sent by the IC to the Area Commodore Sergio Santi summarizes in a few words what we all have felt: WHAT A GREAT OPPORTUNITY FOR US.

NEWS FROM THE MEDITERRANEAN

Starting September 16 from Hyeres (France) and ending in Istanbul after 1590 miles in the CAPISTANBUL 2010 regatta, the IYFR Flag finally arrived in Turkey having been flown at the mast of "Joanna" manned by the Skipper Louis Maurice Tannyeres, "Loupi" for his friends, an Algerian origin electronic engineer living in Saint Laurent du Var in the territory of our French Golfe de Saint Tropez IYFR Fleet.

Commodore Daniel Mustel gave him our Pennant to be flown as a sign of Fellowship and to bridge all the Countries touched by the solo regatta: France, Italy, Greece and Turkey.

The first leg of the regatta ended in "Marina di Ragusa" Sicily where a Sicily Fleet Squadron is located; it was a pleasure for the Fellow Mariners led by their Captain Laura Di Stefano to meet "Loupi" on board his boat and spend some pleasant time trying to understand the motivations of this solo racing.

Too bad that in Greece Loupi could not be greeted by any Rotarian: IYFR has no Fleet there. On the contrary a great welcome was tributed to Louis Maurice by the party beautifully organized in Istanbul by Commodore Selda Gearson and RC Haldun Orgut. PIC Ferit Biren was there, Commodore Rabassa leading a good party of Spanish Fellow Mariners and their wives there convened for the occasion, significantly added international weight and value to the ceremony.

It was a great success but in particular the Mariners were impressed by the competence of the Skipper, his clear fondness for sea life and his altruism: at the start of second leg he did not hesitate to help another competitor in order to solve a computer problem, thus delaying his own departure.

The IYFR pennant was in the right hands during this regatta! Thanks Loupi and BRAVO ZULU!
