

Rotary after Hours - September 30, 2019

Thanks to Adam Hungate and The Studebaker Studio for hosting our September "Rotary after Hours". Many members brought family and potential members. They enjoyed plenty of Rotary fellowship and delicious refreshments. Roger DuMond presented a short program about a sister city relationship our club had back in the 1930s with the Windsor & Eton Rotary Club of England. He shared letters written between the clubs which he found in our club's archives. In 1936 we sent a Rotary Wheel to Windsor and Eton. In return we received a wood carving of the Windsor Coat of Arms, pictured below.
