

ROTARY MEMBERSHIP DIRECTORY ON YOUR MOBILE DEVICE: “DACdb Mobile”

Viewing the Marion Rotary Club’s membership directory on your mobile device is easy! Follow these simple steps once and then in the future your membership directory (member photos, contact information, etc.) is at your fingertips with just 3 taps of your finger! NOTE: “DACdb Mobile” is NOT an “app” you can get from your app store; you need to go to the website using the following instructions:

1. On your device (phone, tablet, etc.) browser, enter: m.DACdb.com (Just as it appears here with the prefix “m”; not www or http).
2. Enter your Login Name. You have already set this up; probably your email address. If not, or if you have forgotten, contact Brian Barger at 740-244-1451 and he will be happy to help you.
3. Enter your Password (same instructions as above).
4. You do not enter a Club #.
5. Check “Rem. Me” at the bottom so you won’t have to remember your Login Name and Password in the future.
6. Tap “Login”
7. Create an icon for even easier future access by following the simple instructions at the following web address:
<https://www.dacdb.com/login/RotaryMobile.cfm>

Once you are set up, accessing the membership directory on your device is as simple as:

1. Tap on the DACdb icon
2. Tap “My Club”
3. Tap “Members”

That’s it!

Again, please contact Brian Barger at 740-244-1451 if you have any questions or need help.
