JOINING THE ROTARY CLUB OF OBERLIN

Who Can Be A Rotarian?

Anyone who is committed to service, fellowship, diversity, integrity, and leadership.

(High School students are encouraged to join the local Rotary-sponsored Interact Club.)

How Do I Join?

- First, come to a meeting to see what the club is like. When you're satisfied that this might be a great match for you, talk to the club president or secretary about your interest in joining Rotary. New members are invited to begin the process for joining by current members of the club.
- Joining is a multi-step but easy process of filling out an application, having that reviewed and approved by the board and membership (we love new members!), meeting with a membership team to learn more about the club and get all of your questions answered, paying your dues, and being installed at a meeting (with much cheering).

WHAT ARE THE EXPECTATIONS OF MEMBERS?

Service

The motto of Rotary is "Service Above Self" and all members are expected to participate in and lead service projects. Some projects are ongoing, such as youth mentoring and the highway clean up, but members are also encouraged to bring new service opportunities to the club.

Participation

Oberlin Rotary Members are expected to participate as much as they are able. For some members that means attending the weekly meetings and for others it means participating in service projects and coming to club events outside of the weekly meetings.

Dues

Rotarians are expected to financially support the local club as well as the parent organization, Rotary International. Dues cost approximately \$235 a year. Club members must also pay for weekly club meals. Beyond that, club members are asked, but not required, to contribute to annual fundraisers, the scholarship fund, and special campaigns. Everyone's giving, at any level, is respected and appreciated.

NEW FLEX MEMBERSHIP!

- While most people join as individual Rotarians, the Rotary Club of Oberlin just implemented a new "Flex" Membership category for groups!
- A primary member can join the club and enroll additional "flex" members who can also attend and participate as members. This option is great for busy businesses, organizations, and families with individuals who want to take turns attending events and meetings.
- A Flex Membership package, covering all individuals in the group, costs about \$100-\$150 more per year.

If you're under 35 years old and interested in trying Rotary but not sure if you can swing those annual dues for a trial period, contact the club president to see if a sponsorship might be available.
