A portion of the profits will be used to benefit The Sisters of St. Francis, Sophia Center

Emcee - Pat McCarty

Pat McCarty started **Guy in the 419** as nothing more than a fun hobby in November of 2016. As he began discovering more local businesses, meeting the owners and staff, and experiencing fun events, this hobby became his passion. By August of 2017, with the support of his family, Pat launched Guy in the 419 as his full-time career. He has dedicated himself to explore everything Northwest Ohio has to offer and sharing those experiences with the people who follow him on social media.

**YOUTH FINANCIAL
INITIATIVE**

YFI (Youth Financial Initiative) is a non-profit organization that was started to tackle the national problem of financial illiteracy. Beginning with children before they develop poor financial habits, YFI provides free, age-appropriate lessons to teach kids essential financial skills at an early age, while also providing opportunities for them to develop multiple, valuable income streams to apply their newfound knowledge.

Building a solid financial foundation for children is rarely on parents' radar. It is shockingly simple to build wealth and avoid the financial pitfalls that too many people fall victim to as adults. YFI's mission is to help children avoid these pitfalls and have the freedom and quality of life that wealth can provide.

The earlier children start building wealth, the easier it is to achieve success.

Highlight of Sisters of St. Francis, Sophia Center

MISSION

Through the use of integrated healing, our mission is to nurture and guide our clients in finding their unique value, dignity and potential to live life as well-balanced individuals in mind, body and heart.

By providing a holistic approach to mental, physical and emotional well-being, our staff is dedicated to empowering each and every client to have a positive self-image, effective communication, and strong support systems.

SOPHIA CENTER

In 1993, Sister Rachel Nijakowski, PhD, founded the Sophia Center to assist all who were struggling with life issues, especially women and children. Today the Sophia Center offers comprehensive services for children, adolescents, college students, and adults. The name Sophia means "Wisdom of God" and aptly reflects our philosophy of a balanced, integrated, synergistic approach to achieving inner health, well-being, and peace. The Sophia Center is a sponsored ministry of the Sisters of St. Francis of Sylvania, Ohio.

Crisis in Ukraine

ABOUT YMCA UKRAINE

As a global organization with a presence in 120 countries, the YMCA has deep roots in Ukraine, Russia, and many of the surrounding countries affected by the conflict currently unfolding. In Ukraine, there are 25 local YMCAs around the country reaching tens of thousands of youth and young adults each year through programs that support physical and mental health, enrichment and civic engagement. Through YMCA Europe's Roots for Peace Program, more than 15,000 young leaders from Ukraine, Russia, and other countries in the region have engaged in critical peacebuilding and reconciliation efforts over the past 15 years.

HOW THE 'Y' IS SUPPORTING THOSE IMPACTED BY THE CONFLICT?

Through YMCA of the USA's World Service Campaign, the Y is partnering with YMCAs across Europe and around the world to provide critical support for youth, families and communities in need, including:

- Emergency support, including food, clothing, housing, transportation and psychosocial counseling for internally displaced people and Ukrainian refugees in Romania, Moldova, Slovakia, Poland, Hungary and the Czech Republic.
- Coordination of regional response efforts and local, national and regional partnerships.
- Support to re-establish long-term peace and reconciliation, cooperation and youth programs between Ukraine, Russia and Belarus.

HOW CAN YOU HELP?

YMCA of the USA's World Service Campaign is working in coordination with YMCA Ukraine, YMCA Europe and the World YMCA to help people and communities who are impacted by the conflict. To date, U.S. YMCA donors have generated nearly \$2 million in support, which is going directly to help Ukrainian refugees and internally displaced families in Ukraine, and meet emerging needs for the future. With the help of these funds, YMCAs across Europe – including 17 still operating in Ukraine – are providing support to internally displaced and refugee youth and families, serving more than 200,000 people so far.
