**Little Caesar's Pizza:** On November 12<sup>th</sup> and 19<sup>th</sup>, Little Caesars will donate 10% of **ALL** sales. No flyer is needed.

### Polio

Poliomyelitis, or polio, is a paralyzing and potentially fatal disease that still threatens children in some parts of the world. Poliovirus invades the nervous system and can cause total paralysis in hours. It can strike people of any age but mainly affects children under five. Polio can be prevented by vaccines, but it is not curable. Unlike most diseases, polio can be eradicated.

### PolioPlus

For more than 30 years, Rotary and our partners have driven the effort to eradicate polio worldwide. Our [PolioPlus](#) program was the first initiative to tackle global polio eradication by vaccinating children on a massive scale.

Rotary members have contributed \$1.9 billion and countless volunteer hours to protect more than 2.5 billion children in 122 countries from this paralyzing disease.
