Tennova leadership two years in

Alex Villa became CEO of Tennova Healthcare-Clarksville in 2016. Villa has more than 15 years of hospital administrative experience, most recently serving as CEO of Western Arizona Regional Medical Center, a 130-bed hospital in Bullhead City, Ariz. Villa's leadership has led to several achievements in the delivery of care, according to a Tennova news release. During his tenure, Western Arizona Regional Medical Center was named a Top Performer on Key Quality Measures by the Joint Commission four consecutive years, earned Chest Pain Center accreditation from the Society of Cardiovascular Patient Care, became a designated Cardiac Receiving Center by the Arizona Department of Health, and holds Joint Commission Gold Seal Designations in total hip, knee and shoulder replacements as well as heart failure and

outpatient wound care. Villa also expanded access to services by recruiting physicians in several specialties, including general surgery, interventional cardiology, primary care, and gastroenterology. Focused efforts on engagement led to the hospital's highest employee and physician satisfaction, hospital officials said. Previously, Villa held leadership positions at hospitals in California and Nevada. He has been active with non-profit and civic organizations in the communities where he has lived, most recently as a volunteer with the Boys and Girls Club and a board member of the economic development agency. He holds master's and bachelor's degrees in health administration, both from California State University Northridge.

Mission:

The mission of Rotary International is to provide service to others, promote integrity, and advance world understanding, goodwill, and peace through its fellowship of business, professional and community leaders.

Did you ever learn something you didn't know only to find out that everyone else was well-aware of your new discovery? Forgive me if I fall into that category from time to time, but as a new Rotarian much of Rotary is new to me! Like Rotary Fellowships, international groups that share a common passion. There's a group for anything: canoeing, caravanning, cycling, Russian Culture, rowing, educators, environment, shooting, singles. "The Rotarian" recently ran a story about a couple who joined the International Travel/Hosting Fellowship. They visited Rotarians around the world. Then when called upon, they welcomed into their home the family of a Rotarian undergoing open heart surgery. Imagine an interest group that does more than chat! You'd be picturing a Rotary Fellowship. Service rocks, Chris Buerck
