

# WHAT ARE YOU 4 ?

columbianoonrotaryclub.com

## WHAT IS THE "FOOD 4 FUEL" PROGRAM?

- It provides non-perishable food to eligible children in food-deficient households for the weekend.
- There are thousands of children in our community and local schools who lack adequate and nutritious meals when not at school.
- Research shows that poor nutrition early in life can impair neural development, leading to lower IQ.
- Schools with weekend food programs have better attendance, school nurse visits decrease, test scores increase, positive behavior and self-confidence increase.
- Plus, all children are the future. Our future police officers, fire fighters, construction workers; even our future President.
