Rand's MM's

As we move from the decade of the teens to the decade of the twenties let's remember that we have the responsibility to learn from the past, the privilege to live in the present and the opportunity to plan for the future.

Since the future is always future there is always hope. Did you know we are the same length of time from 1990 as we are from 2050!!

### Rotary Grace

**We break the bread which comes from you, and thank you Lord for all things true. May we, more blessed than we deserve, live less for self and more to serve.**
