**Four Way Test of the Things We Think Say or Do**

It is the truth?  
Is it fair to all concerned?  
Will it build goodwill and better friendships?  
Will it be beneficial to all concerned?

Efe Sahinoglu, MD was our speaker and his topic was Direct Primary Care. This model of care delivery removes the insurance company from between the physician and the patient. For a monthly fee the patient has unlimited visits, no co-pays, same or next day appointments, and no wait times. The physician is able to spend more time with the patient and the patient has access to the physician through technology and after hours and weekend coverage. Other features include wholesale prices on inhouse meds and labs and reduced self-pay rates for imaging. All pricing is transparent.

**Hoover Rotary 50/50 Update**

Ken Hubbard bought the winning raffle ticket. Suspense mounted as he drew from the new deck of cards hoping to draw the joker and win the pot of \$4.00! But it was not to be as Ken drew the Queen of Hearts. The pot is now \$4.00 plus half of ticket sales at the May 1st meeting.
