

CTC FFA Activities

Amplify

Boost your impact

Lab and Classroom Learning

Pictured above are students caring for the fish in the aquaculture system and building fences to house livestock.

Lab and Classroom Learning

Pictured above are horticulture students creating flower arrangements and caring for ornamental plants in the greenhouse.

Leadership Development

Career Technical Service Organization Leadership Training
with Auburn and Opelika City Schools

Career Exploration

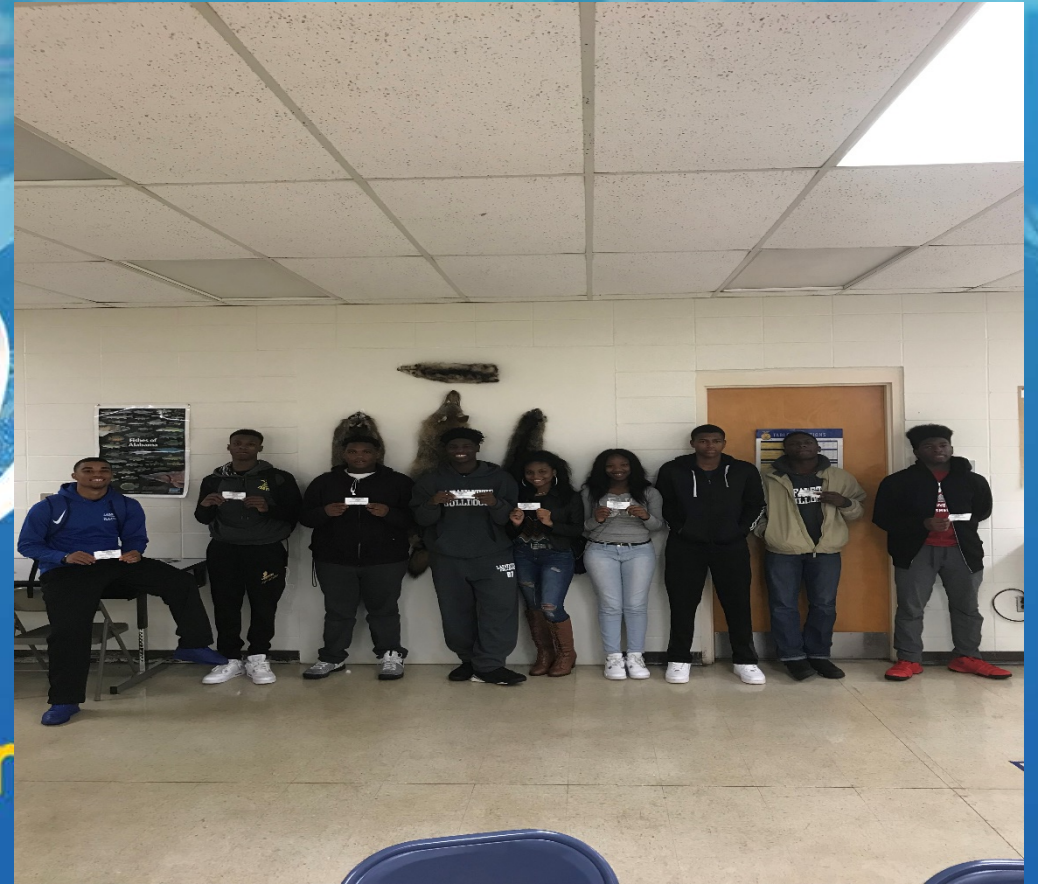

FFA members attended Career Discovery Day at Southern Union State Community College.

Sunbelt Agriculture Expo

Students attended the Sunbelt Expo to learn about livestock, crop production, horticulture, and aquaculture.

Hunter Education Certification

All first year students passed the Alabama Hunter Safety Certification Program. Students learned about wildlife, laws, and general safety.

Agricultural Literacy

FFA members visited 4th grade students at Eastside Elementary school. FFA members donated vegetable plants grown in the greenhouse for a learning garden at Eastside.

Community Engagement

FFA members participated in the Christmas on the Square event. Members assisted decorating the square.

Community Outreach

Students collected and wrapped toys to be distributed by the Chambers County Sheriffs Department in an effort to reinforce positive relationships between youth and local law enforcement.

FFA Fridays

Each Friday is dedicated to developing leadership skills. Activities help students communicate, problem solve, think critically, and make positive life decisions. Pictured above are students participating in an activity using Fatal Vision goggles to illustrate the risks alcohol poses to the teenage body.

Substance Abuse Awareness

Officer Howell and K9 Goose of the Valley Police Department visited with students to discuss the impacts the narcotics can have on students. Officer Howell demonstrated how local law enforcement utilize dogs in the detection of hidden narcotics.

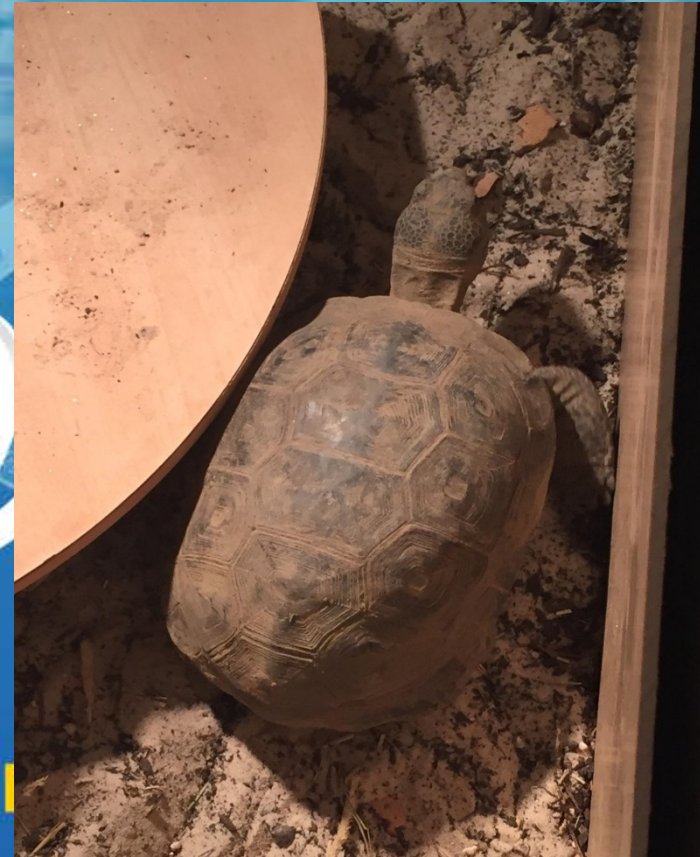

FFA Day on the Hill

Boost your impact

FFA members attended the FFA Day on the Hill where students were able to hear from Governor Ivey as well as hear discussions of Agricultural policies in the House and Senate.

Woods Water and Wildlife Day

Members attended Woods Water and Wildlife Day sponsored by the Alabama Wildlife Federation. Students learned the about soils, forestry, fisheries, and habitat management. Pictured above is the endangered Gopher Tortoise.

Fourth Grade Visitation

Boost your impact

FFA members toured fourth grade students through the Agriculture Facilities.

School Farm

State Convention

Poinsettia Production
