

MINUTARIAN from DG Deborah for the WEEK OF JULY 19, 2021

During this transition month, you will ask yourself at least two questions in regards to **Rotary Days of Service**.

1. How can I measure my Service Attitude through **Rotary Days of Service**? This initiative really focuses on thinking about service and providing service in a way that engages Rotarians and engages non-Rotarians in coming together to serve their community. I believe that service can be an entry point for future Rotarians.

2. What's in it for me? The personal satisfaction of knowing that you provided a service and supported the Rotary mission. Realizing that you left a community in a much better place by executing the seven Areas of Focus. Last, but not least, you became a **true Rotarian** which should warm all hearts and minds.

About **Rotary Days of Service**, Rotary International President Shekhar Mehta wrote: "I challenge every club to plan and host at least one practical and action-oriented Rotary Day of Service during the 2021-22 Rotary year. The event should address a challenge facing your community that fits in one or more of Rotary's areas of focus and brings together volunteers from within and outside Rotary." Thank you.

Yours in Rotary Service,

DG Deborah L. Williams
