TRF Newsletter

District Foundation Chair - PDG Mark G. Scolnick

July 2022

WELCOME to our First Anniversary Issue of the District 6890 TRF Newsletter! You will receive this 2 page update via Pmail around the 15th of every month. Look for it in your Inbox and share the information with your club members. The intent is to keep Rotarians informed of the good they are doing by supporting The Rotary Foundation. We are inspired by how many give and work tirelessly to make a difference both at home and throughout the world. Let's share these stories and urge members to maintain or even increase their support! Let's thank them at every chance we have and then ask them to Imagine the possibilities that exist to do more and give more! Imagine that each Rotarian supports The Rotary Foundation! Imagine that all of the Global Grants get approved and Imagine that Rotary will continue to change the world even more. We can do this with our members signing up for RECURRING DONATIONS. Imagine that!

THINGS TO DO:

- **Make sure you have your goals in Rotary Club Central so you can get the Citation for you and your club. FYI: you can always change the goals as you go along. Go for it!**
- **Rotary asks that you have two(2) Foundation Speakers each year. Let me know a few available dates so we can have someone there for you to speak about The Rotary Foundation, Polio, grants, etc..**
- **Please be sure that your club makes its contribution of \$1500.00 for our efforts to eradicate Polio. This will be matched 2:1 by the Gates Foundation!**
- **Make sure you are ready for World Polio Day, Oct 24th. It's fun and easy! Ask your local government to issue a Proclamation for WPD. It helps raise awareness in your community. Should people care that polio still exists? YOU BET! It is only a plane ride away!**

Global Leaders Urge Action on Polio Eradication

Leaders at last month's G7 Head of State meeting in Germany and the Commonwealth Heads of Government meeting in Rwanda renewed global commitment to polio eradication. In their official Communiqué, the Leaders of the Group of Seven (G7) vowed to '*continue our support for polio eradication through the Global Polio Eradication Initiative*', while the Commonwealth Heads of Government, in their joint Communiqué on 'Delivering a Common Future', urged the continued intensified effort to eradicate polio, even amid other pressing health and development issues.

Global partners of the eradication effort, notably led by Rotary International and Rotarians around the world, are working with the public sector to ensure political commitments are fully operationalized.

In April 2022, GPEI partners, led by WHO Director-General, launched the 'Investment Case for Polio Eradication', the sister document to the Polio Eradication Strategy 2022-2026, which lays out the economic and humanitarian rationale for investing in a polio-free world, as well as the broader benefits of polio eradication.

In October 2022, Germany will generously co-host a global pledging moment, giving the international development community and polio-affected countries the opportunity to publicly re-commit to this effort, including to support a stronger and sustainably-funded WHO, so that the organization can maintain its capacity to support countries in achieving and sustaining polio eradication, and continue to benefit broader public health efforts, including support for pandemic preparedness and response.

**11 CASES OF POLIO HAVE BEEN
REPORTED IN PAKISTAN.
1 CASE IN AFGHANISTAN**

**OUR NUMBER IS NOW AT
12 CASES FOR 2022**
