

PACK-A-BACKPACK SERVICE PROJECT

Friday April 23rd from 1:30 to 2:30 PM, Rotarians and their families have the opportunity to share in a great hands-on and memorable volunteer activity! We will be building backpacks for kids in need, located in Glynn County and the surrounding area. Bring core school supplies and items of need from the list below with you to Conference. Your Service Project Chairs will set up the "Packing Lines" and have everything ready to go for this unforgettable experience!

You will have the opportunity to create and include a handwritten, inspirational note, such as "You are smart," "You are beautiful," "You matter," "You CAN do it."

There is a job for everyone! Come one – come ALL – let's help students succeed next FALL!

Items Needed
