

## **Dictionaries for 3rd Graders! Crosspointe Elementary School**

Friday, September 7, 2018

Guided by Dr. AnnMarie Giddings-Dilbert, the principal at Crosspointe Elementary School and Gina North, the assistant principal, Mal Behr and Arnie Lifset (in the back of the picture) handed out dictionaries to over 125 very inquisitive and appreciative 3rd graders.

The school is located on S Congress in Boynton Beach. It is great to see young minds expanding! The school does creative literacy projects and fun is incorporated in everything. They are supported by a lot of parent and community involvement.

We will be doing this in many of the schools in the area during the month of September.
