Report from the President

It was a great honor and a privilege to be selected by my fellow Rotarians to be president of the Rotary Club of Lynn Haven for the 2019/20 year. The year has certainly flown by with many achievements made and many events held.

At the outset I wish to acknowledge the support of my fellow Rotarians, you are a great group of people who have made my position enjoyable and I will look back at the past year with a sense of pride for the achievements we have made together. Since transferring my membership to the Rotary Club of Lynn Haven in August 2017, I have been 'very proud' of the club members and what we have accomplished in service to our community.

I joined Rotary because I was looking for a way to make a difference and have always enjoyed contributing to Community Service. I am very proud of the work of Rotary and I am proud to be called a Rotarian and enjoy the fellowship from the Members of our Club, and their dedication to the cause whatever that may be. The theme for Rotary in 2019/20 was – **“Rotary Connects the World”**. I know our Club has certainly adopted the theme and has worked very hard on this objective.

Our club's strategic plan **“Building the Bridge to Sustainability and Leadership”** identifies the activities we will perform; these are under the following four goals:

- **Bring out the best in our community and the lives of those within it**
- **Promote peace and understanding**
- **Foster fellowship and community among business and societal leaders**
- **Creating an enduring legacy for tomorrow's leaders**

This report summarizes the achievement made under each goal.
