## Last Week's Program:

**Afeiyah Kamall** is a senior at **Hollins High School** and in the Culinary Program for 4 years, JROTC for 3 years, and an AVID student since middle school, now 7 years. She has worked hard to maintain straight A's which now gives her a 4.4 WGPA and a class rank of 30 out of 356 students. She is a member of National Honors Society, American Sign Language Honor Society and National English Honor Society. She is also a member of Student Council, Secretary for the Senior Class Council, on the Drill Team, Color Guard, Honor Guard, and Exhibition Teams in JROTC. Through her years in Culinary, she has competed in two competitions and currently practicing for her third. With more than 600 community service volunteer hours, she has volunteered daily at Starkey Elementary School in a Pre-K classroom, reading books to young children, and helping them develop simple skills like opening a milk carton or putting a puzzle together. She has also volunteered at her local Masjid to bag produce that would be distributed to community members. She also likes to go fishing or hunting, anything outdoors. She also enjoys cooking. Her career goals consist of joining the United States Coast Guard as a Culinary Specialist or a DEA agent. She would love to talk again with Noah Cramer. On May 15<sup>th</sup>, 2021, he got into a fatal car accident and passed away at the young age of 20 years old. He was a role model and "big brother" to her. If she could spend time with anyone, it would be Noah.

**Mia Spataro** is a senior at **Hollins High School** in the Cambridge and Academy of Entertainment Arts Program. She holds a GPA of 4.0 and has made the Dean's list throughout high school. She tutors undergraduate students in algebra and other mathematical subjects. She also volunteers to stock and distribute food weekly in their school's food pantry, as well as participate in their school's legal program, Teen Court, helping younger students break truancy habits and avoid the juvenile court system. In her free time, she loves to read and play video games, but mostly she loves to draw, sketch, and use different mediums of art and digital art programs. She has earned two gold awards for films she entered into the Scholastic Art and Writing Competition and proud of the work she has created so far. She plans to pursue a bachelor's degree in computer animation, and someday, would like to work with a large studio like **Pixar** or **DreamWorks** to make animated films. She also plans on attending **Ringling College of Art and Design** to make this happen. If she could do one thing to change the world for the better, she would like to see us put our money, time, and efforts into procuring a sustainable source of water. She thinks devices that remove salt, oil, bacteria, sand, and any other harmful materials should be prioritized in the future to ensure the survival of the next generation of humans and all species on earth.

**Cash Meir Moore** is a senior at **Pinellas Park High School** in the AVID program with a WGPA of 4.1 and is currently ranked 27th in the class. She is a member of the National Honors Society and has participated in school clean-ups and is currently tutoring sophomores in their AVID program. She likes to read and spend time in the kitchen cooking. She was born prematurely at 25 weeks and weighed only one pound. She is a medical miracle! She has been accepted into FAMU where she will major in biology to become a pediatrician. If she could spend time with someone, she would spend time with her grandfather who passed away 2 years ago. She would love to chat with him about his life and college experience.

**Valacia Trepanier** is a senior at **Pinellas Park High School** in the First Responder Program where she has earned her CPR certification, and multiple FEMA certifications, while maintaining a 3.5GPA. She is ranked number 43 out of 347. She is in the National Honor Society and the Science National Honor Society. She is an active member in FPSA (Florida public service association) and FCA/S (fellowship of Christian athletes and students). She is a part of the cheerleading team, and captain this year. She is currently nationally registered as an EMR (emergency medical responder) and interns at Lealman Fire Station 18 every Wednesday. She volunteers at a local community church and at St. Anthony's Hospital. Her career goals are to attend a 4-year university for a BSN (Bachelor of Science in nursing) and take her RN test. Her top college choices are USF and UNF. If she could have dinner with anyone it would be her grandma because she passed away when she was young. Her grandmother sparked a passion in her for the medical field.

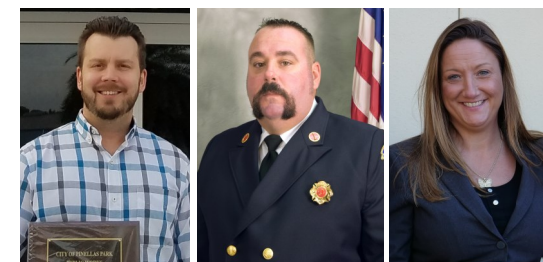

## This Week's Program:

Program Chairperson **Josh Astarita** will introduce **Lindsay Muth**, the **Site Director & General Manager for Aeronautics** in Pinellas Park, Florida. She has profit and loss responsibility and is accountable for the site's operational and financial performance. Lindsay is recognized for building and leading high-performing teams through effective communication, strategic thinking, and a focus on operational excellence. Over her 14-year career, Lindsay has held roles of increasing responsibilities both at Lockheed Martin and McMaster-Carr. She has supported multiple programs across Rotary Mission Systems (RMS), Information Systems & Global Solutions (IS&GS), Space, and Aeronautics at seven different Lockheed Martin facilities. Lindsay holds a Bachelors of Science in Engineering from Harvey Mudd College and a Masters of Business Administration from Villanova University. She is part of the Production Operations Leadership Institute (POLI), and Lead & Innovate for Tomorrow (LIFT) program. Lindsay is a Certified Lean Six Sigma Black Belt, Certified Cost Account Manager (CAM) and Prosci Change Practitioner. Lindsay is a Board Member and Trustee of the Gateway Chamber of Commerce in Pinellas Park and for Girls, Inc.

## Next Week's Program: **CITY OF PINELLAS PARK EMPLOYEE OF THE YEAR**
