EARLY CHILDHOOD COURT

In your hands

A message from Judge Todd

"I started Early Childhood Court because I believe that the best place for children to be is with their parents. But I also know that parents sometimes struggle and need help. Early Childhood Court offers many benefits over ordinary family court. You'll have an entire support team in your corner, see your child more often, and have access to services you need. Your success is totally in your hands—and we're here to help!"

.....

Early Childhood Court is a voluntary program for parents with children ages 0 to 3.

Once you commit to the program, **your success is in your hands.**

Judge Todd will receive updates on your progress, and you will have an entire support team working to make decisions **with you**. The goal is to get you and your child back together as soon as is safely possible.
