HOW TO EDIT CLUB POSITIONS USING THE NEW USER INTERFACE

It is highly recommended that you go to the Help tab and on the left navigation column, scroll down and click on Club. There is an 11 minute video to watch that is very helpful. The video will show you how to get to the Edit Club Positions page.

Getting to the Edit Club Positions is slightly different in the New User Interface. Once in the New Interface, you scroll down on the left navigation column to Admin Functions and select Add & Edit Club Positions Using New UI.

1. Click on the Help tab in the top navigation bar.

2. Click on the Club link in the left navigation column.

3. Click on the Add & Edit Club Positions Using New UI link in the Club sub-menu.

4. Click on the Find Member icon in the Admin Functions section.

5. Click on the Club FILES icon in the Admin Functions section.

A new screen opens where you will see is an edit pencil in front of each member. Click on the pencil of the first individual you need to edit, and it will open to their information.

Edit	Club Member Name	MemberType	Sec-Lvl	2018-19 Positions
- A -				
	Aniston, Jennifer	Active	4	iPast President (IPP)
- B -				
	Baba, Ali	Active-Satellite	4

	Diaz, Cameron	Active	2

When you click on the pencil, the Club Position Admin page opens for that individual:

- Can I start over at page 1?
- A PDF copy will be added to your club's website.

I'm always willing to help. Just ask and we will make your device work too.

NOTE: DACdb is easy to maintain. You cannot screw anything up so badly it can't be fixed quickly! Don't let it worry you.
