

Fernandina Beach Interact Club

Interact - Interact is an important part of the Rotary Service Club Program which is for young people ages 12-18. The focus is on community and international service projects and leadership development. Sponsored by a local Rotary club, each Interact club organizes at least two projects annually, fostering friendships and a spirit of international goodwill among its members.

Barb Kent is our Club Chairperson and does an incredible job working with the High School Interact members.

Not only do we have an Interact Club, but we have also sponsored Rotary Youth Exchanges with International Interact Club members.
