# People of Action

---

Our club proudly serves Nassau County as part of a global network of more than 1.2 million Rotarians who believe that great things happen when people come together.

We are community and business leaders representing different professions, experiences, and perspectives with a shared commitment to “Service Above Self.”

We offer opportunities for members to get involved through meetings, social events and service projects.

Members are welcome to bring opportunities for networking, community service and social and professional networking to our club.

# Making a Difference

---

Solving real problems takes effort, commitment and vision. Rotarians work to protect and grow communities through the following areas of focus:

- Treating & Curing Disease
- Promoting Healthy Women & Children
- Improving Education & Economic Outcomes
- Creating Safe Water & Sanitation
- Promoting Peace
- Protecting the Environment

# Get Involved

---

Becoming a member helps you to meet and meaningfully interact with community leaders to make an impact here and around the world. We are a young (3 years chartered) club in a fast-growing area. We learn through our speakers about local needs and opportunities, have social events, conduct fundraisers, and perform service projects. Our local focus to date has been in supporting established non-profits such as Gracie’s Kitchen, Caden’s Project, Habitat for Humanity, Hope House, and Micah’s Place.
