

DISTRICT 7280 VOCATIONAL AWARDS

Within our District, we have fourteen vocational/career centers which offer our youth the option to pursue a career in their particular vocation of interest. In an effort to help support those that have chosen this path, each year our District Governor asks each club to donate \$100.00 to the Vocational Award fund.

In the spring of each year, we reach out to the counselors of each vocational/career center and ask for their nomination of an individual that has excelled in their area of vocation. We then in turn award \$300.00 to those individuals that have been nominated.
