Matthew Greene, *Park Director*

cont...

Greene comes to the Erie County peninsula from Point State Park, where he was manager. During his four years at Point State Park, Matt's ability to build community and partnership successes added value to not only Pittsburgh, but the entire region.

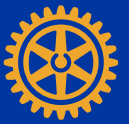

The Presque Isle community was one of the things that caused Greene to seek out the job back in 2015.

He believes to be able to be part of a community that is very passionate about that resource and wants to do good for the resource and wants to make that resource better is a very attractive proposition when going to a new park, and that was a big reason why he made the move.

Matthew lives in Erie with his wife, Danielle, and their two daughters.
