Bob Chitester
Well Being & Happiness

Bob Chitester is the founder and Executive Chairman of Free To Choose® Network.

Since completing his BA and MA degrees at the University of Michigan, he created closed circuit educational television systems and launched a public television and radio station, which he headed for 16 years. He created numerous public television programs, including Milton Friedman's 1980 world-changing series, Free To Choose.

Chitester created Stossel in the Classroom which morphed into izzit.org®, a source of educational videos serving over 300,000 middle and high school teachers. He started The Idea Channel®, a library of over 200 recordings of intellectual discussions between the world's leading scholars, which includes 16 Nobel Prize laureates.

Currently he is leading the effort to develop several Community Engagement activities associated with our upcoming series A More or Less Perfect Union on the U.S. Constitution, hosted by Judge Douglas Ginsburg. And he's guiding the development of Capitaf, Milton and Rose Friedman's summer home in Fairlee, Vermont, as a venue for Residential Student Colloquiums to discuss Friedman's public policy ideas.

#ALL OFUS

FEBRUARY 5th

All of Us Research (AllofUsPA.org) is to help researchers understand more about why people get sick or stay healthy. Based on the presentation to our Club, many members expressed an interest to join in on the research. **On FEB 5TH -the All of Us team-** will hold an intake event at the Sheraton for ease in Rotarian participation. Watch for the link that will be emailed to you to sign up. We have invited the Sheraton staff to join us as they graciously donated a room for our use.

Additionally, our meeting will be moved to the ballroom with the buffet located inside the room. Thank you for your interest in this exciting research project.
