The Quaker Valley Rotary started our Scholarship Fund in 1990 to recognize students in the twelfth grade for improving their academic skills over their freshman year. Since then, approximately 42 students have benefited from this program with college scholarships in excess of \$48,000.00

In conjunction with this program, we started our Student of the Month Award in 1998 for freshman students. Since then, 169 students have earned this award and have received \$19,000 in United States Savings Bonds or cash.

The Quaker Valley Rotary firmly believes in supporting the young people in our community, and in 2006, did attain a 501c3 tax-exempt status with the Internal Revenue Service. In 2018 we changed our name to Quaker Valley Rotary Foundation. We can now expand the mission of our foundation to other charitable endeavors.

Rotary International District 7305 International Project 2020-2021

This year our District is working to help children and their families in Haiti. Together we are raising funds for clean water and adequate sanitation. Right now, around 50% of the people in Haiti have little to no access to safe water or sanitation.

HANWASH is going to change that.

The project is a 12-year initiative to provide Haiti with universal access to sustainable, safe and reliable water and sanitation. This will have widespread impact, ensuring broad health, community and economic improvements throughout the Country.

This is the project that you heard me speak about during my official visit to your Club this year.

Rotary is partnering with local communities, government and other organizations to create lasting, transformational change.

YOUR DONATION OF:

\$100.00 helps to bring clean water to a family for an entire year

\$500.00 will bring clean water to a family for a lifetime

\$1,000.00 supports a new water pump for an existing well of potable water in a local community

This project will give children and their families in Haiti an opportunity for a healthier life.

Help these children and their families have the benefit of clean water and adequate sanitation in their homes.

Change a life today by contributing to this humanitarian project.

All donations to this project will go in your name to the Annual Fund of The Rotary Foundation.

Every Donation of \$100 or more will receive matching Paul Harris points from District 7305.

Thank you for making a difference.
