April 2022 - District 7360 Newsletter

Vol. 11, Issue 10

Newly added in red

## Message from our District Governor

April is Maternal and Child Health Month. Consequently, it is a great opportunity to showcase what we are doing to support the health of mothers and children. As a District, we are engaged in several global humanitarian service projects that will benefit this cause. In addition to sponsoring global grants that will bring clean and safe drinking water to communities in El Salvador and India, we have also just completed the fundraising for a global grant that will provide street children in Kakamega, Kenya a chance for a better life.

Recently, we allocated \$20,000 to the Ukraine Relief Effort, and committed \$5,000 to the next HANWASH project in Haiti. All of these Humanitarian endeavors, along with contributing over \$60,000 YTD to the PolioPlus Campaign, are possible because of your support of The Rotary Foundation.

We, as a District, are making a huge impact at the International level, and I thank you for all that you do! Imagine the impact that we can have if we do indeed grow our footprint in each of our communities.. President Mehta has challenged each of us to bring one. His mantra is simply stated: grow more, do more. With only a couple of months left in the Rotary year, we can accomplish much as we offer others the opportunity to join with us as we Serve to Change Lives.

# Playing to Strength

Service is what unites us. In our local communities and abroad, the need and

desire to serve others is universal. It draws a diverse group of people with diverse talents and interests. We must recognize those diverse talents and interests to create an equitable and inclusive Rotary. In order to relieve the pressure on our current and future members, it is time we play to the strengths of individuals, and focus on service.

As we get to know our members, we learn which ones might be interested in administrative tasks, serving in a leadership role, or becoming a “Membership Maniac” to drive our numbers onward and upward. Why waste time trying to convince someone who is uncomfortable with talking about membership to do it? Trying to coax them into that position puts undue pressure on that Rotarian and distracts them from serving how they want and how they value. This goes beyond membership and into every other role from training, to scheduling, to service opportunities, to connecting and serving with our diverse community. It allows everyone to be a brand ambassador for Rotary through their own talents and skills without feeling the pressure to perform a certain way. If we choose our own specialties in Rotary, what can we accomplish? This bottom-up approach helps us meet the goals of Rotary without Rotary having to impose a one-size-fits-all solution to membership.

Want to talk about how your club can Play to Your Strengths?

## UKRAINE CRISIS

Photo Credit: AlJazeera.com

ShelterBox is responding to the Ukraine crisis. We have a team working in Poland. We are working closely with other organizations to ensure that together we help as many people as possible. We are working with partners to support people both in Ukraine and those who have fled the country to a neighboring country like Moldova.

We have aid on the way. We are working on three projects – two within Ukraine and one to support refugees fleeing the county.

1. We are sending mattresses to 'collective centers' like schools, churches and sports centers in western Ukraine. This will offer people who have fled their homes somewhere to sleep and keep warm at night.
2. We are preparing to provide shelter kits with tools and rope, high thermal blankets, hygiene kits including items like soap, washing powder and toothpaste, solar lights, buckets and water carriers to help people survive in buildings damaged by the conflict.
3. We will be supporting refugees in neighboring countries with high priority items they can carry with them, like hygiene items and warm winter coats.

Your support today will provide lifesaving aid for families affected by the Ukraine crisis. Any additional money raised will help ShelterBox provide emergency shelter to families affected by disaster around the world. We are currently responding in countries like Yemen, Syria, and the Philippines.

The first will be held in State College on April 2<sup>nd</sup>, and the second will be held in Hancock MD on April 9<sup>th</sup>. There will be TWO contestants from each regional contest (a total of 4) moving onto the District Level Contest being held on May 14<sup>th</sup>.

Rotary District 7360's Pedals Out Polio is an individual request for every Rotarian in the District. This is the only time each year where we ask you to personally support PolioPlus and help Rotary eradicate polio forever. A copy of the Donation/Registration form is attached. We would love to see a big turn out of all levels of bicycle riding on Saturday, June 18<sup>th</sup> (use the attached form to register), but we understand that most of you will want to be Virtual Riders, showing your support for PolioPlus, by just making a gift to The Rotary Foundation designated for PolioPlus (again, use the attached form). Whether ride in person or virtually you are welcome to make your gift (and invite friends to make gifts) on our event website <https://raise.rotary.org/District7360PedalsOutPolio/fundraiser> This link is also listed on the attached form.

If you are one of the current 69 members of the District PolioPlus Society, this is the perfect opportunity to make your annual gift. You get your Foundation credit, your club gets credit for our Pedals Out Polio Event and you fulfill your annual pledge.

If you are not yet a member of the District PolioPlus Society and would like to join, an application is attached. Fill it out and a Pedals Out Polio registration/donation form and mail both with your check made payable to The Rotary Foundation for \$100 or more to the address on either form. I will get it either way and process both. All members of the Society receive a special lapel pin and certificate suitable for framing.

Pedals Out Polio is a fun way that we can all work together for polio eradication! Exceeding our \$10,000 goal will be no trouble if we all give our fair share!
