## **SHEPHERDSTOWN ROTARY CLUB**

## **CHARLES TOWN ROTARY CLUB**

As they have done for many years, the **Rotary Clubs of Shepherdstown and Charles Town** have teamed up this fall to provide free dictionaries and

thesauruses to students in Jefferson County schools.

The two clubs buy the books with Rotary funds, and club members volunteer their time to distribute them in the schools. They give dictionaries to all the third graders in the County's

schools and thesauruses to all the fifth graders.

This year, there are 616 third graders and 664 fifth graders in the County's schools.

The **Shepherdstown Club** handles distribution to the schools in the northern part of the county: C.W. Shipley, Driswood, North Jefferson, Shepherdstown, and T.A. Lowery elementary schools.

The **Charles Town Club** handles distribution to the remaining four schools: Blue Ridge, Ranson and South Jefferson Elementary and Wright Denny Intermediate.

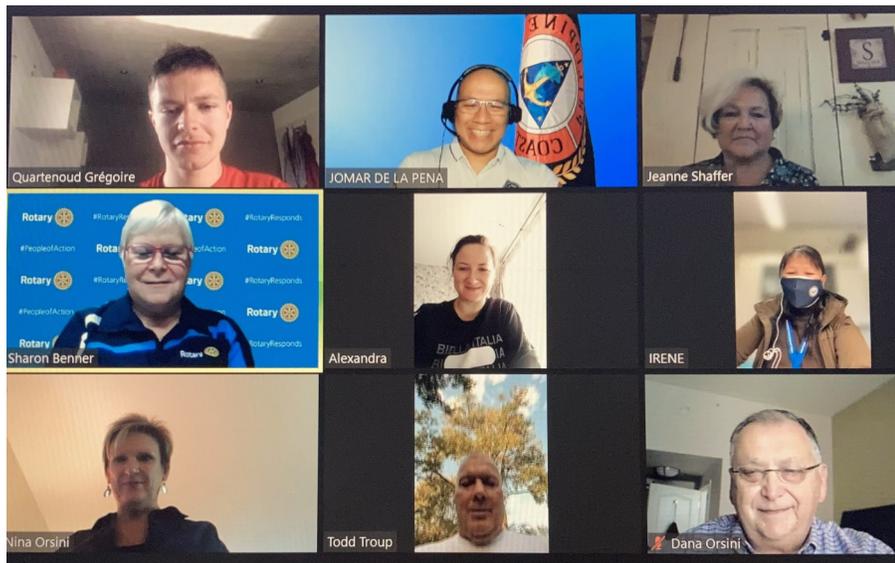

The accompanying photo was taken at T.A. Lowery Elementary School in Shenandoah Junction on Wednesday, October 6. It shows students in Ms. Hite's third-grade class holding dictionaries they had just received from members of the **Shepherdstown Club**.

Promoting literacy has always been a major Rotary priority, and the organization sees the distribution of dictionaries and thesauruses as an important part of that effort.

The goal is to help students early on to become good writers and readers, so they can develop good communications skills that will serve them well no matter what vocation or profession they follow when they become adults.

## **WEST SNYDER/BEAVER SPRINGS SATELLITE/E CLUB**

On August 4, 2021, a new Rotary satellite club was born, the **West Snyder Beaver Springs Satellite/e Club**. Right after the Rotary International Virtual Conference in July 2021, WS Rotary Club President and Past District Governor Sharon Benner coordinated with District Governor Dana Orsini and Past District Governor Irvin Wright to courageously take on the organization's challenge to bring in more members to the club.

Pictured top row left is Club Member Greg, from Switzerland; Club Member Jomar, from the Philippines; PDG Sharon Benner; Club Member Sasha, from Russia; and Club Member Irene, from Maryland; Bottom row is Club Member Nina Orsini, from West Virginia; Club Member Todd Troup, from Indiana and DG Dana

Orsini. Missing from the picture is Club Member Sara De Guzman, from the Philippines.

With initially two members, Jeanne Shaffer; from Pennsylvania, USA and Sara De Guzman; from Manila, Philippines, more people joined in the succeeding weeks. To date, there are eight members and counting: Alexandra (Sasha) Kameneva, from Moscow, Russia; Greg Quartneoud, from Riaz, Switzerland; Todd Troup, from Indiana, USA; Nina Orsini, from West Virginia, USA; Irene De Leon-Waldorf, from Maryland, USA; and Jose Mari (Jomar) De La Peña, from Manila, Philippines.

What is unique about the club? First, it is a **virtual club**. Second, it is an **international club**. The pandemic has brought us CHANGE. In line with this year's Rotary International theme of SERVE TO CHANGE LIVES, the **West Snyder Beaver Springs Rotary Club** has begun its mission by crossing borders over land and sea and entering the virtual world to connect lives.

Reaching out to different places and people around the world is now made easier within the comfort of our homes and workplaces. As we learn new cultures, new languages, and new ways of life from the different members of the satellite club, we are moving closer to the positive side of globalization: developing peace and harmony, understanding and respect as we care for and help one another.

## **DOWNTOWN LOCK HAVEN ROTARY**

Josh Woods, PennDot's Community Safety Project Coordinator, was a recent speaker at the **Rotary Club of Downtown Lock Haven** and is shown here with Program Chair Sue Foust. His employer is non-profit, based in Pottsville, they are contracted under a grant to administer community safety project.

Based from home, Josh visits 11 counties in the Clearfield PennDot

District to inform and educate groups about highway safety. According to crash statistics, aggressive driving is the #1 cause of crashes, ahead of both impaired and distracted driving. Aggressive driving includes tailgating, speeding, improper passing, etc.

Other topics Josh addressed were new laws and changes to existing laws, work zone and school bus regulations, penalties and statistics regarding causes of crashes. Q and A session was appreciated by the group and Josh was thanked for his presentation. Josh speaks to groups of all types, numbers, and of all ages. He is available at 814-577-8378.

Before SOPA, she had few friends and fewer activities and events but now she has many, keeping in touch through the Internet. Her mentor and mother Wendy appealed to Downtowners to visit an event at Penn State, usually in July, to witness the enthusiasm of participants, parents, coaches, mentors and spectators. labeled and organized dictionaries for 3rd and 4th grade

students in the Tuscarora School District for the club's dictionary project. Pictured above are: David Bell and Paul Galey. Covid restrictions prevented the club from holding this annual project last year so the group

prepared dictionaries for both 3rd and 4th grade students this

year. The students and teachers were very excited to receive this special gift.

On October 1st the club kicked off their annual Santa's Toy Box. The project is the club's largest endeavor and provides clothing and toys to area children who would otherwise be without a Christmas. 2020 marked the 20th year the Rotary Club of Mercersburg has proudly sponsored Santa's Toy Box.

# Global Grant Update— Beekeeping in Bolivia

In 2019, the Rotary Club of State College/Downtown partnered with the Rotary Club of Concordia Bolivia, located in the city of Cochabamba, on a \$60,000 USD economic development project to bring beekeeping equipment, supplies and knowledge to rural communities in the area of Toro Toro National Park. In February, 2020, Bolivian Rotarians delivered hives, bees and other supplies to three communities. The COVID-19 pandemic delayed visitors to the rural communities, but Rotarians were able to visit in early 2021 and again in October.

Honey is now flowing! The communities have participated in training sessions for both beekeeping and honey production, and the project is moving forward. Despite travel challenges from both COVID and geography, State College/Downtown Rotarians hope to visit the project and see the results of everyone's hard work.

How did this project happen? A State College/Downtown Rotarian hosted an exchange student from Bolivia in 2002, and he returned to Bolivia and joined the Concordia club – Rotary's connections make great things happen!

Several club members participated in the event, as well as members from the Altoona Area High School Interact Club, and the unofficial mascot of the club, Monte the dog. The day started out cold and rainy but that did not deter the dedicated

volunteers. One was overheard telling the PennDOT official going over safety protocol who was surprised at the number of volunteers on such a dreary day,

“You don’t know our Rotary Club. We show up no matter what.” The highway was cleaned up in just a little over an hour.

## Rotary Club of Hagerstown-Sunrise

Rotary Club of Hagerstown-Sunrise member Bev David coordinated a Sunrise Rotary effort to help restock HUBS HOPES, a student managed food pantry at the North Hagerstown HUB Pantry. The Club appropriated over \$1,000 for the purchase fresh and non-perishable food for breakfasts, lunches, dinners, and personal care items. According to Ms. David, "Our goal is to provide nutritious options for students who seek assistance through the pantry. In addition, Sunrise donated a dozen backpacks for students to take food home discreetly on a bus or on foot."

Items to fill the Sunrise donated backpacks included cereal, granola bars, pudding, cookies, fresh chicken, pork chops, pork roasts, ground meat, ham steaks, Canadian bacon, and toilet paper.
