RLI (Rotary Leadership Institute) is a leadership development program open to all Rotarians in our District. RLI is a recommended program of Rotary International and offers four levels (Part I, Part II, Part III and Graduate). One or all the levels may be taken but they must be taken in progression. Visit the website for the latest opportunities, course descriptions and registration information. Courses are currently being offered online with a maximum class size of 12.

ShelterBoxUSA.org

ShelterBox is a global nonprofit made up of people who believe in shelter as a human right – that shelter from the chaos of disaster and conflict is vital. Created by a Rotarian, ShelterBox became Rotary International’s first Project Partner and remains its only disaster relief charity.

District Goals 2020-21

1. Encourage clubs to develop a culture for growing Rotary. Increase your club membership by a net of 2. District wide this goal translates into a net of 134 new members. This is my goal. Rotary International President-Elect Holger Knaack promotes the idea of growing Rotary organically and sustainably.
2. Create bridges out of poverty. While all clubs in the District continue to do good in our respective communities in support of low income and the poor, how often are we providing opportunities for individuals from these groups to go to colleges, to trade schools, and to serve in internships (local businesses or corporations)?
3. Create a District Fundraising Committee. As a district, we should explore alternative sources of funding to help offset district and club expenses.
4. Implement the district strategic plan and encourage every club to develop a strategic plan based on Rotary International's Strategic Plan and their four strategic priorities:
 - Increase our impact
 - Expand our reach
 - Enhance participant engagement
 - Increase our ability to adapt
5. Raise \$225,000.00 which is equivalent to \$100 per capita for the Annual Fund and \$56,250.00 which is equivalent to \$25 per capita for Polio Plus.
6. Expand our reach as an RI strategic priority with diversity as one objective.
7. Develop and implement District Standard Operating Procedures.
8. Encourage greater collaboration between clubs for community and regional events.
9. Develop greater connections between clubs and the district leadership. The district leadership will reach out in a variety of ways to support clubs.
10. Reinstitute the speaker's bureau.
