Rotary Club: Bloomsburg Rotary Club

Project Title: Personal Safety Programs for People With Disabilities

PROJECT DESCRIPTION:

1. Describe the project. What was done, when, and where did project activities take place?

Hand In Hand Family Resource Center ran 8 personal safety programs and attended 5 outreach events in Columbia County. Students in the personal safety course were instructed using the Circles curriculum to teach about keeping safe on line and in person.

2. Who were the beneficiaries, how were they impacted by this project, and what humanitarian need was met? How many people benefited from this project?
20 adult students with disabilities attended the 8 personal safety classes. They have a better understanding of personal boundaries, when to call for help, safe places, and came away with resources to help them navigate difficult situations. 200 children benefited from outreach events where they learned about personal safety.
3. How many Rotarians participated in the project? What did they do? Please give at least two examples, not including financial support provided to the project.

A Bloomsburg Rotary club member helped Hand in Hand at some of their outreach events. Another helped connect Hand in Hand to other organizations who may want to take advantage of the Personal Safety course.

4. If a cooperating organization was involved, what was its role?
The State Police provided an instructor to help teach these classes.
