PLEASE ANSWER THE FOLLOWING QUESTIONS IN NARRATIVE FORM:

1. Briefly describe the proposed project. What will be done, when and where will the project take place, and how many people will benefit from the project? How will the project benefit the community?

We plan to plant about 20 trees along Chambersburg's downtown Rail Trail. The Trail runs 1.5 miles through downtown and is used by many people on a daily basis - walking and biking for exercise, walking to local businesses and attractions, etc. The project will help beautify the trail and will provide shade for walkers.

2. How many club members will participate in the project and in what role? Is there a cooperating organization also involved and what will their role be?

The Rotary Club of Chambersburg has planted trees as community projects many times, including planting 100 trees in and around Chambersburg for our Club's 100th anniversary. Based on past experience, we expect that we will have 10-20 volunteers from the Club to help with planting. We plan to do this project in partnership with a newly formed organization called "Friends of the Rail Trail" as well as Bartlett Tree Service, who will supply the trees. "Friends of the Rail Trail" will donate \$500 toward the cost of the project as well as supply volunteers for tree

3. Will the project be completed if less than requested funds are granted?

If yes, will the project be modified if this occurs, and if so, how?

Yes, but it will be a smaller project. Without the grant, we can plant half as many trees.

4. How does this project reflect the mission of The Rotary Foundation?

The project fits well with the new Rotary area of focus - supporting the environment. The project will be lead by our club's new Environment Committee.

Missing text from item #2 above:

"Friends of the Rail Trail" will donate \$500 toward the cost of the project as well as supply volunteers for tree planting.
