### **JACK'S ROTARY MOMENT**

Jack reported that a 20-year-old man from Rockland County, just north of NYC, was diagnosed with polio in June. He lives in a community that shuns modern medicine, refusing all vaccinations. He had traveled to Poland and Hungary this year and it is believed that he has vaccine-derived polio. (this is the type of polio that can be transmitted by someone who received Oral Polio Vaccine -OPV).

OPV is not used in the US or many developed nations. Since 2000 we have been using Inactivated Polio Vaccine (IPV).

## **HUMOUR CORNER**

-Sean sent a text to Mary, "I'm just having one more pint with the lads. If I'm not home in 30 minutes, read this message again."

-Paddy was walking through customs at the airport, carrying a large bottle. "What have you there?" asked a suspicious customs officer. Paddy replied, "T'is holy water from Knock Shrine. I am bringing it home from me pilgrimage." The officer took the bottle and tried some. "Why it's Irish whiskey," he spluttered. "Lord bless me," exclaimed Paddy. "Another miracle."

-McQuillan walked into a bar and ordered martini after martini, each time removing the olives and placing them in a jar. When the jar was filled with olives and all the drinks consumed, the Irishman started to leave."S'cuse me," said a customer, who was puzzled over what McQuillan had done. "What was that all about?" "Nothing," said the Irishman, "my wife just sent me out for a jar of olives."
